Event: Community Ambition Workshop

Building on the CFTF community engagement to date, this event will give local communities and voluntary organisations in Coleraine the opportunity to directly share the key issues affecting their areas with statutory bodies, and to have open conversations about how they can work together in a more joined-up way. The focus is on improving collaboration with agencies to turn community concerns and priorities into practical actions and real outcomes.

Wednesday 3rd June
The Lodge Hotel, Coleraine
12.30pm - 2pm
