The LDP, a spatial reflection of the Community Plan, will set out what the Borough should look like and how land should be used and developed. It will form the basis of land-use planning and decision-making within the Borough.

The LDP Timetable sets out the indicative time frame for the key stages of Plan preparation.

The Council's 'Statement of Community Involvement in Planning' (SCI) details how the Council will engage with the public and other key stakeholders throughout the Plan-making process.

As a dynamic and evolving programme, actions will progress at different stages, reflecting the breadth and complexity of the proposed initiatives. To ensure effective oversight, an evaluation framework has been established alongside a six-monthly reporting cycle to monitor performance and assess delivery against agreed outcomes.
