

# Our funding in Northern Ireland

Yallaa CIC

At The National Lottery Community Fund, **we believe everything starts with community.** That's who we serve, and that's where you'll find us, in every corner of the country.

Our funding aims to give people the power to build and strengthen their community, by supporting them to come together and improve lives.

Working within and alongside communities in Northern Ireland over the last 30 years, we are committed to supporting the people who need it most. We make decisions locally, because we can support communities best by understanding what matters to them most.
