PEACEPLUS, as a European Union funding programme designed to support Peace & Prosperity across Northern Ireland and the Border Counties of Ireland, will support a range of initiatives designed to promote reconciliation, build trust, and foster understanding between communities.

From beginning to end, the participants, delivery partners, and the PEACEPLUS Partnership will collaborate to nurture strong relationships and help shape a more harmonious, prosperous, and hopeful future for all.

As we kick off with some of our capital projects and the **'Womens Development Programme'** we look forward to getting more updates to you in the next newsletter!

**Thank you for your continued support and commitment!**

## BUILDING PEACEFUL AND THRIVING COMMUNITIES

### WOMENS DEVELOPMENT PROGRAMME

This project is designed to support and empower local women across the borough, both in rural and urban settings to engage in a range of programming from self-care, personal development, support/mentoring, opportunities to break barriers in personal, social and political ways.

The Programme is designed to support participation so that traditional barriers such as childcare and transport will be addressed.

By the end of the Programme women will feel better connected and stronger in terms of their value within their own communities and families as well as the new network of women that they have been involved with. It will encourage increased activity by women to solve local issues that many women face each day, raising both the aspirations and confidence of local women of all backgrounds.

This programme will reach 300 participants and we will let you know how you can get involved in the future features.
