PEACEPLUS Partnership Local Action Plan

PEACEPLUS, as a European Union funding programme designed to support Peace & Prosperity across Northern Ireland and the Border Counties of Ireland, will support a range of initiatives designed to promote reconciliation, build trust, and foster understanding between communities.

From beginning to end, the participants, delivery partners, and the PEACEPLUS Partnership will collaborate to nurture strong relationships and help shape a more harmonious, prosperous, and hopeful future for all.

As we move forward we look forward to getting more updates to you!

Thank you for your continued support and commitment!

About me

I set up China Connections more than 10 years ago to advise on Chinese culture and business. I run many workshops in the local community to introduce Chinese culture, inspire inclusion and mutual understanding. I set up Golden Rickshaw Chinese kitchen, reaching out to more people through authentic Chinese food and connecting more people with Chinese culture. I believe in building connections - learning about other cultures can encourage people to be more tolerant and can foster a more positive attitude towards people from a different country or cultural background. Sharing Chinese culture is helping people to resolve their fear of the unknown, learning wisdom from this ancient civilisation, therefore improving their own life.

I am a social partner in the programme, and have previously been the vice chair for a year. I am fully engaged in the PEACEPLUS programmes design and implementing process. Hopefully, I am providing insight and views from an ethnic minority angle, showing communities that immigrants can and do have positive impacts in the host country.
