#### 3.0 Analysis per Service Area

#### 3.1 Community & Culture:

Community & Culture is currently showing a net favourable position of £140k, the main factors being employee costs £20k (vacant/gapped posts, including sickness and secondment). Premises have a positive variance of £47k due to cost savings in art centres and museums. Supplies & services currently £214k adverse but this is offset by additional grant income that has been received.

### 3.2 Prosperity & Place:

Prosperity & Place has an overall favourable variance of £147k. Supplies and services are showing grant scheme overspends of £270K but these are offset by grant income which is performing better than budget by £426k.

#### 3.3 Leisure & Development Management:

Leisure & Development management is made up of director salary costs and that of the L&D admin team. This is currently £3k adverse, due to the profiling of agency staff costs and should return to a positive variance before the end of the year.

# 3.4 Sport & Wellbeing:

SWB is showing a positive variance of £294,446k, this current position continues to evidence significant income generation as a result of investment in new gym

equipment, this coupled with the HMRC Vat implementation has assisted SWB in maintaining a positive budgetary position to date. Additionally, it is noteworthy that Ballyreagh Golf course income is also exceeding budget, currently £47k favourable.

# 3.5 <u>Tourism & Recreation:</u>

Tourism & Recreation is £127k favourable overall, with employee costs currently £264k adverse which appears to be due to profiling of agency staff. Customer & client receipts for HALPS are currently £224k favourable. In addition, there was a significant movement in expenditure between period 6 and 7 to more accurately reflect the costs involved in event delivery. This now includes both materials and staff costs for the estates team, being attributed to individual events.

## 3.6 Funding Unit:

Funding unit currently has a £82k positive variance, £41k of which is due to savings on staff and £27k favourable due to additional grant income being received.

# 3.7 Strategic Projects:

Strategic Projects is currently £12k adverse and this is due to a higher than expected salary increase for the two SIB officers due to a lack of annual increases in previous years.
