## 1.0 Purpose of Report

1.1 The purpose of this report is to provide a quarterly update on Planning performance against the Planning Department Business Plan 2025/26.

## 2.0 Background

2.1 Schedule 4 of The Local Government (Performance Indicators and Standards) Order (Northern Ireland) 2015 sets out the statutory performance targets for the Planning Department for major development applications, local development applications and enforcement cases. The Planning Department Business Plan 2025-26 sets out the key performance indicators to progress towards improving Planning performance against these targets.

2.2 The statutory targets are:

- Major applications processed from date valid to decision or withdrawal within an average of 30 weeks
- Local applications processed from date valid to decision or withdrawal within an average of 15 weeks
- 70% of all enforcement cases progressed to target conclusion within 39 weeks of receipt of complaint.

2.3 The Northern Ireland Planning Statistics is an official statistics publication issued by Analysis, Statistics & Research Team within Department for Infrastructure. It provides the official statistics for each Council on each of the statutory targets and is published quarterly and on an annual basis. The Second Quarter 2025/26 Statistical Bulletin was published on 18 December 2025 providing provisional planning statistics for this period.
