Subject: Mineral Policy Review Call for Evidence Launch 27 February 2026

Dear Stakeholder

Please be advised that as part of the on-going Review of Mineral Licensing the Department launched a Call for Evidence (CfE), today, Friday 27th February 2026. The purpose of the CfE is to seek evidence that the Department should take into consideration in the development of future minerals policy options for Northern Ireland.

The CfE is available on the Department's website at: [Review of Mineral Licensing - Call for Evidence | Department for the Economy](#). and you are of course welcome and encouraged to provide a response.

Kind regards,

Minerals and Petroleum Branch
