I would like to support this Application of the formerly The Glens Hotel .

This hotel has laid vacant for many years, and this proposal would breathe new life into the property and provide another destination for people visiting the area.

Tourism is hugely important to the economy in the Glens and the demand for accommodation has increased in recent years .

Cushendall and the surrounding area is severely lacking tourist accommodation ultimately effecting local economy and livelihood of local people .

This is a major investment for Cushendall and the wider area which will give locals not only an economic but employment a boost .

As someone who is from Cushendall lives in the village i can say the hotel is sadly missed by us locals and the hospitality industry .

As a trained chef i know how valuable it is to have a hotel in your area and like so many other people who trained and worked in the hotel i was always glad of the experience of starting out in this hotel .

Hopefully, the planning committee can support this application
