To whom it may concern,

My family have owned no.4 Ballygelagh Village from when it was first constructed. It was bought by our parents as a place we could go to and relax in with our families after a busy week running our family business. We highly object to the construction of the building suggested in the small plot of land that has been for many years the area that children have used to play in! It will not only depreciate the value of our property but will seriously inhibit our privacy and the sunlight and view that we currently enjoy. We agree with all the other objections that have previously been submitted to planning and will endeavour to ensure that such a venture does not proceed!
