We at Ballyvoy laundry services full support the above planning application. This is a much-needed development in the area as many of our local community need to move away from there family and community to obtain a home.

This new development of both social and affordable housing will help keep our families and community together and will also help our local business to survive in these challenging times.

When looking at the points for refusal on the planning portal we note that there are inaccuracies especially in point 8.16 were it states that the Post Office, school, café and dry cleaners are all closed. We can confirm that we are full open and that the Post office is also open and operates from the same business unit as ourselves.

Yours Faithfully
