Hi Laura

RE: Ballyvoy - LA01/2024/0119/O.

I have been reading over the PC Report and there are further inaccuracies in the Report.

Paragraph 8.10 states that Ballyvoy has an unmet need for one social housing unit for the 2024-29 period.

However, when I examine the actual social housing need for Ballyvoy as set out in the NIHE Housing Investment Programme Update 2025 its states there are six Applicants and four of these are in housing stress.

I attach an extract from the Update below.

Appendix 7

Applicants and Allocations at March 2025

HNA area	Applicants (Total)	Applicants (HS)	Allocations*
Ballintoy	8	8	0
Ballycastle	271	163	24
Ballyvoy	6	4	0
Bushmills	58	36	<10

I request that these further inaccuracies are uploaded on the Portal and the Clrs on the PC are briefed on these inaccuracies at the Planning Committee meeting as these are material considerations that Clrs are entitled to be made aware of in making their decisions.

Best regards

Matt
