1.0 Purpose of Report

- 1.1 To present, in line with Section 5 of the Council's current published Local Development Plan (LDP) Timetable, the 6-month indicative LDP Work Programme (see Appendix 1) which outlines the range of work to be carried

out by the Council's Development Plan team within this programme¹ (Jan-Jun 2025).

2.0 Background

Local Development Plan

- 2.1 Members will be aware of the suite of LDP Workshops, Steering Group and Project Management Team meetings that brought us to the stage of presenting a draft Plan Strategy (dPS) at the 24th August 2022 Planning Committee, at which members resolved to take the dPS forward to Full Council for ratification.
- 2.2 At its 1st November 2022 Full Council Meeting the Council resolved to defer the dPS for further consideration. Discussions on this remain ongoing (see Table 1 at Appendix 2) .

Independent Housing Research Study

- 2.3 Members requested an independent housing research study to inform the preparation of the Plan. The study is now underway and will continue throughout this programme.

Revised LDP Timetable

- 2.4 The Council published a Revised LDP Timetable on 8th January 2025 (see Appendix 3). The new indicative date for publication of the draft Plan Strategy (dPS) is autumn/winter 2026.
- 2.5 The LDP timetable has been kept under review throughout the ongoing discussions with Members and the Planning Committee (LDP Steering Group) has been regularly updated on progress.

LDP Project Management Team & LDP Steering Group

- 2.6 Consultation with the LDP Project Management Team (key consultees and stakeholders) on our draft policy approach closed with the presentation of the dPS to the 1st November 2022 Full Council Meeting. However, given the deferral of the dPS for further consideration and ongoing discussions, this consultation process may need to be reopened.
- 2.7 The LDP Steering Group (Planning Committee) continues to be updated on Plan-making progress via:
- Quarterly verbal updates;
 - 6-month indicative work programmes; and
 - Annual Monitoring Reports.

¹ Please note that dates may be subject to change. Additional, ad hoc meetings may be required during this programme, and due to ongoing policy review/discussions, consultation with statutory bodies and key stakeholders may need to re-open.

Working Groups/Collaborative Working

2.8 The Development Plan Working Group will continue throughout this programme. Collaborative work will also be undertaken on the following, as and when required:

- NI Coastal/Marine Group;
- Cross-Border Development Plan Group;
- Cross-Boundary Group (adjoining councils); and
- Sperrin AONB Group.

Sustainability Appraisal

2.9 A Sustainability Appraisal incorporating Strategic Environmental Assessment (SA/SEA) of the LDP is an iterative process, continuing throughout the entire Plan-making programme. The Council has employed SES to carry out the LDP SA/SEA on its behalf. Any update to the dPS throughout this work programme will also require an updated SA appraisal.

Annual Monitors

2.10 Work will continue on the Council's annual retail, employment and housing monitors within this work programme.

Building Preservation Notices (BPNs)

2.11 Ad hoc requests for BPNs will be processed throughout the work programme, as and when required.

Trees

2.12 Members will be aware of the recent press release regarding the Planning Department's launch of the new interactive map viewer to help the public identify trees with preservation orders attached and those located within the Borough's five Conservation Areas.

2.13 The map viewer provides information on each of the 80 Tree Preservation Orders (TPOs) in the Borough, including a short description of the value of the trees, the status of the TPO, and access to the associated TPO Schedule and maps. Work will continue throughout this programme to publish associated background information on the Council's website.

2.14 The website also provides information on trees, generally, within the Planning system, including requests for TPOs, consent for works and other tree related matters relevant to the Planning Department.

2.15 Ad hoc requests for TPOs and Works to Trees will continue to be processed throughout the work programme, as and when required.

Community Plan Strategic Partnership Board

- 2.16 Given the statutory link, the Head of Planning and Local Development Plan Manager attend the Council's Community Plan Strategic Partnership Board and continue to participate in the community planning process, working collaboratively with our council colleagues and other key partners.

Other work

- 2.17 Officers will continue to assist our development management colleagues on a range of matters including planning application, LDP and Conservation Area consultation responses.
- 2.18 Consultations received from other councils, central government departments, and any other ad hoc papers will be processed and/or presented as and when required throughout this programme.
- 2.19 Attendance at other councils' Independent Examinations (IEs) will continue in line with the Planning Appeals Commission (PAC) timetable as this is a crucial learning resource on the evolution of the Northern Ireland Plan-making process.

Evidence Base Update

- 2.20 Members are aware that the LDP must be prepared using robust and up to date evidence base. As such, updates may be required to some or all of the above, depending on the timeframe for bringing an updated dPS to Members.

3.0 RECOMMENDATION

- 3.1 **IT IS RECOMMENDED** that the Planning Committee note the content of this report.

Revised January 2025

1.0 Introduction

- 1.1 The purpose of this timetable is to set out key stages and indicative timescales for the production of the Causeway Coast and Glens Borough Council Local Development Plan (LDP).
- 1.2 The timetable has been prepared within the legislative context of the Planning Act (Northern Ireland) 2011 and the Planning (Local Development Plan) Regulations (Northern Ireland) 2015, which require a council to prepare and keep under review a timetable for the preparation and adoption of its LDP. It has also been prepared within the context of the Council's Strategy and Community Plan.
- 1.3 The timetable was approved by resolution of the Council prior to consulting the Planning Appeals Commission (PAC) and obtaining the agreement of the Department for Infrastructure (Dfi).
- 1.4 The LDP will inform the public, statutory authorities, developers, landowners and other interested parties of the planning policy framework and land use proposals that will guide development decisions in this Borough up to the end of the Plan period.
- 1.5 Taking account of regional policy, the LDP will set out a vision for how the Borough should look in the future, by setting out what type and scale of development should be encouraged and where it should be located. It will ensure that lands are appropriately zoned, and that enhancement of our infrastructure is facilitated to develop the area for the benefit of current and future generations.

2.0 The Local Development Plan Process

- 2.1 The LDP will be produced in two stages, comprising two documents, as follows:
 - **The Plan Strategy** – will define the Council's strategic planning framework, covering a wide range of topics and outline our vision for the Borough. It will state the LDP's overarching principles and strategic objectives, the Council's overall growth strategy, and the strategic planning policies applicable to this Borough. This will ensure strategic direction early in the LDP process, providing a level of certainty on which to base planning decisions as well as the necessary framework for the preparation of the next LDP document, the Local Policies Plan.
 - **The Local Policies Plan** – will be prepared within the context of the adopted Plan Strategy. In contrast, this document will contain the more detailed site-specific policies, designations and proposals associated with settlement development limits, land use zonings and local environmental designations required to deliver the Council's vision as set out in the Plan Strategy.
- 2.2 Both documents will be subject to public consultation and independent examination and when adopted in their entirety, they will form the new Plan that replaces the Northern Area Plan (NAP) 2016.

3.0 The Timetable

3.1 The timetable (see Appendix 1) provides indicative timeframes for the key stages of Plan preparation and associated publication documents. These are set out briefly, below:

- **Statement of Community Involvement in Planning (SCI)** - this document sets out how the Council intends to engage with the local community, key stakeholders, and government departments during the preparation of its LDP.
- **Preferred Options Paper (POP)** - through the initial evidence gathering phase of Plan preparation, the Council identified a number of key issues affecting the Borough. The POP was brought forward to define a range of options for addressing these key issues and included the Council's preferred option. The POP was subject to public consultation and stakeholder engagement in accordance with the provisions set out in our SCI and the outcome informs the emerging draft Plan Strategy.
- **Draft Plan Strategy** - this public consultation document sets out the Council's strategic intentions regarding the future development of the Borough, up to 2038.
- **Submission of Draft Plan Strategy for Independent Examination** - an examination is held to determine the 'soundness' of the draft Plan Strategy, taking account of representations and counter-representations received within the consultation period. The examiner will issue, to DfI, an Advisory Report of the findings arising from the IE.
- **Binding Report on Draft Plan Strategy** - following consideration of the Advisory Report, DfI will issue a Binding Report to the Council.
- **Adoption of Plan Strategy** - the draft Plan Strategy will be formally adopted by the Council.
- **Draft Local Policies Plan** - this public consultation document contains the Council's detailed land use policies and proposals regarding the future development of the Borough.
- **Submission of Draft Local Policies Plan for Independent Examination** - held to determine the 'soundness' of the draft Local Policies Plan, taking account of representations and counter-representations received within the consultation period. The examiner will issue, to DfI, an Advisory Report of the findings arising from the IE.
- **Binding Report on Draft Local Policies Plan** - following consideration of the Advisory Report, DfI will issue a Binding Report to the Council.

- **Adoption of Local Policies Plan** - the Local Policies Plan will be formally adopted by the Council.
- **Monitoring & Review of LDP** - once adopted in its entirety the LDP will be annually monitored and formally reviewed at least every 5 years.

4.0 Accompanying Assessments

4.1 The Council will carry out a number of assessments alongside the preparation of its LDP.

- **Sustainability Appraisal (SA)** - runs in tandem with the LDP preparation to ensure that consideration is given to social, environmental, and economic factors throughout the entire Plan-making process. The Strategic Environmental Assessment (SEA) of the Plan will be incorporated into the SA. SA Reports will be published at key stages as set out in Appendix 1.
- **Habitats Regulation Assessment (HRA)** - will consider the potential impact of the Plan policies and proposals on designated nature conservation sites.
- **Equality Impact Assessment (EQIA)** - will determine if the Plan is likely to have differential impacts on specific sections of the community.
- **Rural Impact Assessment (RNIA)** - will determine if the Plan is likely to have differential impacts on those living in rural areas.

5.0 Delivery of the LDP

5.1 Meeting the revised timetable is dependent upon Elected Member involvement, adequate resourcing (including relevant government departments, key consultees, and the Planning Appeals Commission) and risk management. The steps below will help to ensure, as much as possible, that the timetable is met:

- A Steering Group has been established in line with our “Statement of Community Involvement in Planning” (SCI). It ensures oversight and strategic input on behalf of the whole community, as well as from the Council’s planning professionals.
- Our Elected Members will attend workshops to discuss topic-based reports setting out the draft policy approach, taking account of key consultee/stakeholder comments.
- A LDP Working Group has been established to discuss and agree key policy issues.
- A Project Management Team has also been established in line with our SCI. The team facilitates key consultee co-operation in our Plan-making process.

- Members will be presented with 6-monthly LDP Work Programmes (through the Planning Committee) outlining the high-level work areas to be covered and any related corresponding indicative dates (where known). This will continue throughout the Plan-making process.

5.2 There are also a number of factors lying outside the Council's control, which could potentially impact on delivery of the LDP. Table 1 sets out the Council's LDP Risk Management Log in relation to these:

Table 1: Risk Management Log

	Issue	Risk Level	Likelihood	Impact	Mitigating Action
1	Elected Member Involvement	High	Likely	Significant delay (6-12 months)	Ensure on-going Member engagement.
2	IT Failure/Data disclosure	High	Likely	Significant delay (6-12 months)	Ensure adequate storage capacity and systems in place to regularly backup data. Ensure robust security measures in place for LDP data.
3	Consultancy or Specialist input	High	Likely	Significant delay (6-12 months)	Scoping of work to identify specialist or technical input (skills and expertise) required. Develop staff skills and competencies. Use of external consultants to support the Development Plan Team.
4	Competing Work Priorities	High	Likely	Significant delay (6-12 months)	Corporate commitment to adequately resource the LDP. Recognition that the LDP is a high priority.
5	Volume of work LDP programme too ambitious	Medium	Likely	Short term delay (< 6 months)	Robust scoping of work required. Sound project planning with realistic and flexible timescales. Careful monitoring of progress.

6	Staffing Issues	High	Likely	Significant delay (6-12 months)	Ensure sufficient staff resources with necessary knowledge and experience are available for LDP preparation.
7	Financial resources	High	Likely	Significant delay (6-12 months)	Ensure the Timetable informs the Council's short and medium term financial plan.
8	Public Consultation Process. The number and nature of representations and resultant workload are not predictable and lie outside the Council's control.	Medium	Likely	Significant delay (6-12 months)	Based on the province-wide experience to date this Timetable takes account of the likely time required to progress this stage of Plan preparation.
9	Consultee and stakeholder involvement There are multiple LDP's in progress at any one time across NI. The resourcing of consultees and stakeholders is not within the Council's control.	High	Likely	Significant delay (6-12 months)	The Timetable provides advanced notice of the key indicative dates associated with its Plan-making programme. The Council will liaise regularly with relevant stakeholders to minimise prospect of slippage.
10	Delays associated with the IE process. This stage involves: Council's submission to Dfl; Dfl consideration of submission; Dfl call the IE; PAC consideration of submission: PAC hold IE Hearing; PAC issue Advisory Report to Dfl; and	Very High	Highly likely	Major delay (>12 months) Possible major delay to date for IE The PAC has indicated that, due to resourcing issues, they will not be in a position to carry out any further independent examinations until at least 2027, and	The Council's timetable provides advance notice of key indicative dates associated with the Plan-making programme. Ensure robust evidence base to support decisions. On-going liaison with PAC & Dfl. Carry out soundness and compliance checks.

	<p>Dfl issue Binding Report to Council.</p> <p>This stage lies outside of the Council's control. and experience to date shows that the timeline associated with this stage of Plan preparation has not been uniform across councils.</p> <p>PAC resources lie outside the Council's control.</p>			<p>referrals will be processed in sequential order of receipt and subject to resources available at that time.</p>	
11	<p>Tests of Soundness</p> <p>Risk of the Plan being found 'unsound'.</p>	Very high	Likely	<p>Major delay (> 12 months) Possible failure to prepare LDP</p>	<p>Ensure robust evidence base to support decisions.</p> <p>On-going liaison with PAC & Dfl.</p> <p>Carry out soundness and compliance checks.</p>
12	<p>Legal Challenge</p> <p>Risk of legal challenge to the Plan-making process.</p>	Very high	Likely	<p>Major delay (> 12 months) Possible failure to prepare LDP</p>	<p>Ensure robust evidence base to support decisions.</p> <p>On-going liaison with PAC & Dfl.</p> <p>Meaningful consultation and on-going legal audit.</p> <p>Carry out soundness and compliance checks.</p>
13	<p>Changes to regional legislation, policy and guidance</p> <p>This lies outside the Council's control.</p>	Very High	Highly likely	<p>Major delay (>12 months)</p> <p>Possible major delay as this includes a review of some of the policies contained within</p>	<p>Carefully monitor changes to regional legislation, policy and guidance.</p> <p>Early and on-going engagement with central government and other key</p>

				the SPPS, as well as the outworking of the Climate Change Act.	stakeholders, including PAC.
14	<p>Other:</p> <p>Major disruption to working practices and workplace arrangements as a consequence of an emergency/crisis.</p> <p>Disruption to work practices and/or loss of data etc due to damage/loss of workplace/storage due to fire, flood, storm, or other means of destruction.</p> <p>Wider issues such as these lie outside the Council's control.</p>	High	Unlikely	Significant delay (6-12 months)	<p>We must work within prevailing government and public health guidelines.</p> <p>Ensure adequate resources and arrangements in place to facilitate alternative staff working arrangements.</p> <p>Ensure safe and secure workplace and storage facilities with preventative measures and maintenance against potential damage or security risk.</p> <p>Ensure data back-up with remote access.</p>

5.3 Annual Reporting on the LDP Steering Group and Project Management Team is undertaken to assess the progress in meeting the LDP Timetable. In the event that progress is not in line with the timetable, the Council has the power to publish a revised timetable.

6.0 Progress

6.1 The Council published its original SCI and LDP Timetable in 2016. The LDP Preferred Options Paper (POP) was published in 2018. The suite of topic-based discussion papers that accompanied the POP has been updated through the draft Plan Strategy Topic Review Reports and this evidence gathering stage had concluded. Progress on the draft Plan Strategy publication is as follows:

Date	Event
24th August 2022	dPS publication presented and agreed at Planning Committee Meeting.

1st November 2022	dPS publication presented at Full Council Meeting - deferred for further consideration and discussion with Members.
November/December 2022	Party Group Meetings. This resulted in some further evidence gathering and consequential updates to the Council's evidence base were also carried out.
August/September 2023	Further Party Group Meetings, after Local Government Elections. This resulted in some further evidence gathering and consequential updates to the Council's evidence base were also carried out.
7th December 2023	All-Member Workshop. Agreed that an LDP Working Group should be set up.
24th January 2024	Paper presented to Planning Committee. Resolved to set up a LDP Working Group.
19th March 2024	LDP Working Group Meeting: Agreed to prepare paper for CP&R Committee to procure independent research to inform the LDP.

6.2 The previous timetable (Revision 3, May 2021) set out an indicative date of spring/summer 2022 for publication of the draft Plan Strategy. A revised timetable is therefore required prior to publication of the draft Plan Strategy.

6.3 Revised indicative dates are now set out at Appendix 1.

****Indicative dates:** These will be reviewed regularly and reported on annually. Please note that these dates are indicative only and may be affected by internal/external factors.

***** Focussed Changes:** Following analysis of representations received the Council may consider it appropriate to carry out additional public consultation on some or all of the proposed changes to the document.

Definition of ‘Soundness’: Whilst the term ‘sound’ is not defined in the Planning Act (NI) 2011, it may be considered in this context within its ordinary meaning of ‘showing good judgement’ and ‘able to be trusted’ and within the context of fulfilling the expectations of legislation.
