## 9. COMMUNITY DEVELOPMENT SUPPORT GRANTS

The Director of Leisure & Development presented a report on Community Development Support Grants previously circulated and as undernoted:

***Community Development Officers from the 4 legacy Council areas came together to assess the grant applications received to the Community Development Support Grant Programme, the closing date of which was 1<sup>st</sup> May. In April 2015 Council agreed that due to the timeframe for assessment of a substantial volume of applications, and to facilitate implementation of projects within the communities' timeframe, applications would be presented directly to the full Council meeting in May, bypassing the Leisure and Development Committee.***

**The purpose of the Community Development Support Grant is to contribute to the running costs/overhead costs incurred by core community development organisations.**

**The Guidance Notes for the Community Development Support Grant state that eligible organisations are those that are incorporated to provide programmes and offer services aimed at improving the social, economic and environmental situation of a certain locality. The groups must be multi-purpose and meet the identified needs of their whole community not just for a specific group and/or single issue within that community. These may include Community Associations, Residents Groups, Town or Village Committees or similar.**

**There are two separate levels of grant available:**

- i. Community Development groups with premises can apply for a grant of up to a maximum of £2,000.**
- ii. Community Development groups without premises can apply for up to a maximum grant of £1,000.**

**The budget available for Community Development Support Grant Programme is £112,658.**

**66 completed applications were received and underwent an assessment process as follows:**

**Stage 1 Assessment:**

**Stage 1 applications were scored against the following Stage 1 Assessment Criteria:**

- 1. Main objectives of organisation.**
- 2. Constitution/ governing document in place.**
- 3. Registered Charity /Status of Charity Commission NI registration.**
- 4. Evidence provided of proper and timely accounting records with submission of annual accounts and bank statements for the last quarter:**
- 5. Board or management committee - Officers in place, elected at AGM, range of skills and expertise.**
- 6. Up to date insurance certification.**
- 7. Minutes from the latest Annual General Meeting and submission of Annual Report.**

**Stage 2 Assessment:**

**Applications were then scored against the following Stage 2 Assessment Criteria:**

- 1. Range of services and activities provided for the benefit of local communities within the CC&G area (weighted x 2).**
- 2. Clear and realistic objectives set for incoming year (x1).**
- 3. Extent of awareness and understanding of specific needs of community / area (x1).**
- 4. Targeted area of benefit in relation to deprivation measures (x3).**
- 5. Engagement in capacity building for group members and wider community (x2).**
- 6. Promotion of social inclusion ensuring that marginalised groups feel valued and included (x2).**

11. **Demonstrates ability to lever other additional funding in support of group (x2).**

**Applications were awarded a score of up to 25% in Stage 1 and up to 75% in Stage 2. Applicants were required to attain a score of at least 65% in order to be eligible. A summary of the applications received, the assessment scores and the recommended amounts of funding were included in the report previously circulated.**

**Approximately 17 community development groups which were eligible to apply for the Community Development Support Grant did not submit applications.**

**A number of applications were received from groups located within communities which were not deemed to be core community development groups based on the eligibility criteria as previously agreed in the Community Development Strategy. Those applications deemed to be ineligible are indicated in the attached table. As per the Grants Funding Policy an Appeals Process will be put in place. Community Development Officers will also be available to provide support to those applicant organisations that are unsuccessful in terms of signposting to other external funding opportunities.**

**Where all the required enclosures were not submitted with an application, applicant organisations will be required to submit these prior to any grant money being paid out by Council.**

**The assessment process has provided a useful tool in highlighting areas where groups need support in their governance and will allow Community Development staff to address and tailor their support during the course of the year.**

**The total amount of grant funding recommended to be allocated through the Community Development Support Grant Programme in 2015-16 is £80,553.**

**£9,000 has already been allocated to Garvagh Development Trust for the GADDA Building and if the amount of funding recommended to be awarded in this report were to be approved a budget of £23,105 would remain.**

**There are a number of possible options with regard to the unallocated Community Development Support Grant Programme budget:**

- i. **Accept that in the 2015-16 period an underspend of £23,105 has been achieved.**
- ii. **Re-open the Community Development Support Grant Scheme for those organisations that were eligible to apply but which did not apply.**
- iii. **Re-allocate the £23,105 to one of the alternative grant programmes which were proposed in the Community Development Strategy but which had to be omitted due to lack of funds . ie. Small Scale Capital Improvement Grants; Social Inclusion Small Grants or Seeding Grants.**

The Chief Executive further agreed to discuss the issue of Declarations of Interest further at the Party Leads meeting.

Several comments were made on the grant criteria and the difficulty some groups had in completing application forms. It was confirmed that Community Development Officers were there to signpost groups and to give advice around the application process.

It was proposed by Councillor Beattie, seconded by Councillor C McShane and **AGREED: that (a) the Community Development Support Grants of £80,553 be awarded as per the table previously circulated with the report and (b) option iii re-allocation of the £23,105 to one of the alternative grant programmes which were proposed in the Community Development Strategy but which had to be omitted due to lack of funds. That is Small Scale Capital Improvement Grants; Social inclusion Small Grants or Seeding Grants.**

## 10. COMMUNITY FESTIVAL FUND GRANT

The Director of Leisure & Development presented a report on Community Festival Fund Grant Recommendations previously circulated and as undernoted:
