1. THE MAYOR'S BUSINESS

The Mayor opened the meeting by welcoming Elected Members, Officers, the public and press to the meeting.

The Mayor addressed the meeting as follows:

“Good evening everyone and welcome to tonight’s full Council meeting. Before we begin our official business, I want to take this opportunity to extend my deepest sympathies to the families of two of our colleagues who passed away earlier this month. The untimely deaths of Robert Anderson and John Winton remind us all about the fragility of life and I’m sure you will join me in saying that all our thoughts and prayers remain with both families at this very sad time. Books of Condolence have been opened in memory of Robert and John, to allow friends and colleagues to pay tribute”.

The Mayor invited Council to stand and observe one minute’s silence.
A minute’s silence was observed.

“At the beginning of the month we celebrated our sports men, women and teams at our annual Sports Awards. It was a fabulous evening and I would like to reiterate my congratulations to all our nominees and winners who attended this gala celebration of the sporting community across the Causeway Coast and Glens.

Also on the theme of congratulations, I attended the Sustainable Ireland Awards last week with Council’s Environmental Resource Officers and staff from GIS. The prestigious ceremony celebrates the achievements of individuals and organisations within the energy, environmental and waste management sectors across Ireland. I was delighted to be able to personally congratulate the Environmental Resource Officers who were named Waste Management Team of the Year. They are hugely deserving of this title and it reflects their ongoing commitment to improving recycling

and generating greater awareness about waste management throughout the Causeway Coast and Glens area.

I have had quite a few engagements in the Mayor's Parlour and out in the community this month including a very special party for Norman Irwin from Coleraine who celebrated his 100th birthday. It was a pleasure to share this occasion with Norman and I wish him continued health and happiness.

You may have noticed that Cloonavin has been illuminated in blue this month which is part of a campaign to raise awareness around World Diabetes Day. I met with members of the Coleraine Diabetes UK Support Group and staff from Ulster University to help highlight the condition.

This weekend, fundraising for my chosen charity Tiny Life continues with a spinathon in Dungiven Sports Centre. The event has been organised by Richard Ferris and I would ask everyone to support this event in any way they can. It runs from 9am – 5pm and will help to raise much needed funds for premature and vulnerable babies and their families.

Before I finish I would like to remind everyone about the importance of shopping local this Christmas. I have thoroughly enjoyed taking part in the light switch-on events so far which are helping to create a wonderfully festive atmosphere in our towns and villages. Each location is unique in character but they share a common value in providing quality products and a welcoming experience.

I would encourage everyone to shop local, embrace our produce, independent retailers and market scene which help to make the Causeway Coast and Glens a stand-out destination this Christmas”.

5. DEPUTATION – DFI ROADS AUTUMN CONSULTATION

The Mayor welcomed the Department for Infrastructure representatives to the meeting.

The Divisional Roads Manager advised DfI Roads had started the financial year with an increased capital allocation of £75 million, this allowed the Department to deliver an enhanced level of resurfacing across the Division and provide a steady improvement to the condition of the road network. He added the Road Recovery Fund, which was £15 million of the £75 million capital allocation, went to target problem areas which had been adversely impacted by recent under funding and those roads which deteriorated over the winter period.

The Divisional Roads Manager advised that in this year the Strategic Road Improvement Scheme had commenced the second part of the A6 and stated he was confident the portion of the road would be opened by 2022 and complement the Randalstown/Castledawson Scheme, a £400 million investment for the two Schemes and a significant investment to the Borough.

The Divisional Roads Manager outlined DfI were in a good position to take further money and of £142 million capital money and £31.7 million resources money, an additional £2.5 million would be allocated to the Northern division, under £1/2 million resource money to roads maintenance, £100,000 for street lighting, to continue with the level of maintenance undertaken this year, funded to the end of the year.

The Divisional Roads Manager observed a healthy working relationship with Dfl and colleagues in Council, Elected Members and Officials, particularly in preparation for the Open Golf event.

The Dfl Representatives responded to Elected Members queries and concerns surrounding their respective District Electoral Areas and Members were invited to submit comments through the Request/Enquiry Form provided to them.

The Notice of Motion was referred, without discussion, to the Leisure and Development Committee.

16. NOTICE OF MOTION PROPOSED BY COUNCILLOR McCANDLESS, SECONDED BY ALDERMAN HILLIS

‘That this Council notes that Northern Ireland has the highest suicide rate in the U.K. and that in the last 10 years (records compiled 2007 to 2016) there have tragically been 191 lives lost and families devastated in our former legacy councils and in our new Borough council. It is incumbent upon us to remind anyone who may be in distress or despair that support is available 24/7 and to urge anyone who is having suicidal thoughts to immediately contact their G.P. or signpost them to any of our mental health charities.

We note that funding on mental health services across Northern Ireland remains wholly inadequate and we express our outrage that the ongoing political impasse at Stormont has meant that initiatives like Protect Life 2 - the new strategy and action plan to reduce our suicide rate - has not been published due to the absence of a local Minister.

In light of this I propose that this Council write to the Secretary of State to emphasise to her that the current situation is unacceptable and to urge her to intervene to secure the immediate publication of the strategy.’

The Notice of Motion was referred, without discussion, to the Leisure and Development Committee.

17. NOTICE OF MOTION PROPOSED BY COUNCILLOR A MULHOLLAND, SECONDED BY COUNCILLOR MA McKILLOP

‘That Causeway Coast and Glens Borough Council adopts the Motor Neurone Disease (MND) Charter, which sets out the care and support that people living with MND and their carers deserve and should expect. By adopting this MND Charter this Council agrees to promote the Charter and make it available to Councillors and Council staff. We will raise awareness of MND and what good care looks like for those living with this devastating disease, as stated in the Charter and do everything we can as

the Council to positively influence the quality of life for local people with (MND) and their carers living in our community.'

The Notice of Motion was referred, without discussion, to the Corporate Policy and Resources Committee.
