**MINUTES OF THE PROCEEDINGS OF THE MEETING OF THE  
ENVIRONMENTAL SERVICES COMMITTEE  
IN CIVIC HEADQUARTERS, COLERAINE ON  
TUESDAY 3 SEPTEMBER 2019 AT 7.00 PM**

**In the Chair:** Councillor Mulholland

**Committee Members Present:** Alderman Fielding, Finlay and Robinson  
Councillors Anderson, Baird, Beattie, Chivers,  
Holmes, McLaughlin, McCaw, McMullan, Wilson

**In Attendance:** Councillor Dallat O'Driscoll

**Officers Present:** A McPeake, Director of Environmental Services  
J Richardson, Head of Capital Works & Infrastructure  
S Duggan, Civic Support & Committee & Member Services Officer

**In Attendance:** Press (1 No)

### **SUBSTITUTIONS**

Councillor Baird substituted for Councillor Hunter; Councillor McCaw substituted for Alderman Boyle.

#### **1. APOLOGIES**

Apologies were recorded for Councillors Hunter, McLean and Wallace.

#### **2. DECLARATIONS OF INTEREST**

There were no Declarations of Interest.

#### **3. MINUTES OF MEETING HELD TUESDAY 6<sup>TH</sup> AUGUST 2019**

**AGREED** – to recommend that Council note the Minutes of the Meeting held Tuesday 6<sup>th</sup> August 2019.

##### **3.1 Matters Arising**

###### **Councillors Holmes (Item 21.1)**

Councillor Holmes advised he was waiting on some items of information to be made available to him. The Director of Environmental Services advised Councillor Holmes would have the information by the end of the week.

**AGREED** – to recommend that Council Change the Order of Business.

**4. NOTICE OF MOTION PROPOSED BY COUNCILLOR DALLAT O'DRISCOLL, SECONDED COUNCILLOR BEATTIE, RECEIVED 28 MAY 2019, REFERRED FROM 25 JUNE 2019 COUNCIL MEETING, RECONVENED 6 AUGUST 2019**

*This Council acknowledges the scale of the climate crisis and the impact it will have on people and communities in Northern Ireland, resolves to establish an all-party working group on climate change resilience exploring how we can mitigate this crisis and protect our citizens from the existing and future effects of climate breakdown and; investigate measures the council can take to limit its impact on climate change.*

Councillor Dallat O'Driscoll spoke in support of the Notice of Motion and read from a prepared statement:

*“Colleagues, climate breakdown is the seismic global challenge facing this generation. Failure to take action now will result in significant changes to our global climate and weather patterns that will devastate developed and developing economies across the world, leaving millions destitute and homeless.*

*Global warming is happening and at a much faster rate than anticipated.*

*We need to establish a cross-party working group on Causeway Coast and Glens Council to tackle the district's impact on the climate crisis and to protect our citizens from the effects of climate breakdown.*

*We are facing a global climate catastrophe. We must take action to address the impact of rising temperatures caused by human generated emissions within the next 11 years.*

*This is no niche political hobby horse - it is an emergency and it demands immediate action at local, national and international level.*

*Extraordinary action is required from us all to keep global temperature increases below 1.5 degrees Celsius and to avert irreversible damage to our climate.*

*Interventions designed to tackle the climate emergency must be robust, equitable and contribute to social justice more broadly.*

- We cannot create a society that offers tax cuts to the wealthy while introducing new levies that disproportionately target the poor.*
- We cannot decarbonise our economy without ensuring that clean energy is affordable energy.*
- We cannot deliver income equality without a green economy that creates high quality jobs.*

*- We know that ecological transition and economic equality must go hand in hand. Accepting and addressing the causes of the climate crisis is critical to avoiding irreversible damage to ecosystems and economies.*

*MET Office projections show that by 2040, we can expect a more volatile climate with drier summers and more concentrated winter storms leading to further instances of flooding. Changes to our climate will have a significant impact on people, homes and businesses. It is critical that we make decisive interventions quickly. This means creating new green space in our towns and cities to increase the permeability of our landscape, making us more resilient to flooding and increasing our carbon capacity. It also means looking at rainwater harvesting technology and continuing to reduce our reliance on single use plastics.*

*We can be a global resilience leader - developing our district's response to the emerging challenges of the 21st century. How we respond to the climate crisis must be at the heart of that preparation. It needs to be a political priority for our borough and everyone on this council”.*

Councillor Beattie spoke in support of the Notice of Motion and read from a prepared statement:

*“As stressed by my colleague, the climate crisis is a global challenge that must be addressed at a local, regional and international level.*

*- Every level of government must turn its urgent attention toward the coming emergency.*

*We need to be committed to making changes at a local level so that Northern Ireland can play its part in addressing the causes and impacts of climate change, including the reduction of carbon emissions and promoting sustainability.*

*Climate change adaptation should be a material consideration in all future council decisions.*

*As political leaders, we should be prepared to make personal and civic investments in technologies that will reduce reliance on fossil fuels.*

*We must support the development of a clean air strategy, and further support the introduction of clean air zones in those councils where people are most at risk of health complications related to higher concentrations of particulate matter.*

*Moreover, we need to cooperate with fellow council bodies right across the North and cooperate with local authorities in Great Britain on a*

*decarbonisation agenda in homes to reduce our reliance on solid fuel burning.*

*Colleagues, we don't have a choice, we need to establish urgently an all-party working group on climate change on this council.*

*Protecting our environment is a moral, economic and health imperative that, if planned and implemented correctly, can benefit people, communities and businesses”.*

Councillor Holmes, on behalf of Ulster Unionist, stated his Party support for a working group to be formed from Environmental Services and queried how it might operate.

The Director of Environmental Services envisaged a small working group with representation from each Party along with Officer engagement to investigate the issues raised.

Alderman Robinson, on behalf of Democratic Unionist Party, stated his Party support and whilst notwithstanding the importance of the Notice of Motion, the UK was ranked number eight in the latest edition of the Climate Change Performance Index and performing well.

Councillor Dallat O'Driscoll concurred with the sentiment the proposed working group membership to be derived from the Environmental Services Committee.

**AGREED** – to recommend that Council support the Notice of Motion; that Council establish a Working Group, the membership from Environmental Services Committee.

\* **Councillor McCaw arrived at the meeting at 7.10pm.**

The Chair advised Items 4-9 were for information only and assumed read.

## **5. APPROVAL OF PREMISES AS A VENUE FOR CIVIL MARRIAGE**

Report, previously circulated.

### **MARRIAGE REGULATIONS (NI) 2003**

#### **THE MARRIAGE (NI) ORDER 2003**

Unique Reference Number	Event	Times	Approval Type
			Fairhill). - Station Street and Fairhill Street from it junction with The Diamond/Castle Street.

Councillor Baird raised a particular issue with Sheltered Housing at Leyland Road and the unavailability of car parking at this location during the Auld Lammas Fair, the Director of Environmental Services agreed to review the situation for future years.

\* **Councillor Dallat O’Driscoll left the meeting at 7.14PM.**

**11. MATTERS FOR REPORTING TO PARTNERSHIP PANEL**

There were no matters for reporting to the Partnership Panel.

**12. CONFERENCES**

There were no conferences.

**13. CORRESPONDENCE**

There were no Items of correspondence.

**14. CONSULTATION DOCUMENTS**

There were no consultation documents.

**MOTION TO PROCEED ‘IN COMMITTEE’**

Proposed by Councillor Anderson  
Seconded by Councillor McCaw and

**AGREED** – to recommend that Council move ‘*In Committee*’.

\* **Press left the meeting at 7.20PM.**

**15. PROCUREMENT OF 1NO. 32 TONNE GVW 8X4 HOOK LOADER**

Confidential report, previously circulated, presented by The Director of Environmental Services.

In February 2019, council was awarded capital funding by DAERA to upgrade infrastructure and provide new compaction/baler equipment and containers at Ballycastle and Kilrea household recycling centres. The purchase of a new hook loader was included in the funding application.

The purchase cost of the hook loader is 100% grant funded.

**It is recommended** that the Environmental Service Committee recommends to Council the procurement of hook loader specified in option 3.1. Vehicle is to be supplied by Stewart Commercials, Springfarm Industrial Estate, Antrim, BT41 4NZ.

Proposed by Councillor Holmes  
Seconded by Alderman Robinson and

**AGREED** – to recommend that Council approve the procurement of hook loader specified in option 3.1. Vehicle is to be supplied by Stewart Commercials, Springfarm Industrial Estate, Antrim, BT41 4NZ.

## 16. PURCHASE OF REPLACEMENT VEHICLES

Confidential report, previously circulated, presented by The Director of Environmental Services.

**It is recommended** that Committee approves the purchase of new lorries to ensure continued delivery of front line services such as cemetery operations and grounds maintenance.

Councillor Holmes requested information on Councils fleet, vehicle mileage per year and cost per year to run, for the last 3 years. The Director of Environmental Services advised the information should be easily retrievable and would be provided.

Proposed by Councillor Homes  
Seconded by Alderman Robinson and

**AGREED** – to recommend that Council approves the purchase of new lorries to ensure continued delivery of front line services such as cemetery operations and grounds maintenance.

## 17. ASSET DISPOSAL INVESTIGATION

Confidential report, previously circulated presented by the Director of Environmental Services to outline the advantages and disadvantages

regarding the Londonderry Port & Harbour Commissioners (LPHC) expression of interest to acquire the Magilligan Ferry Terminal & Slipway.

An asset appraisal report (circulated) has been completed, which covers the history of the asset, the life cycle costing and the impacts of this acquisition proposal in order that Members can consider declaring this asset surplus leading to asset disposal.

**It is recommended** that the Committee considers the attached report and direct officers on the appropriate option – either to retain the asset in Council ownership or declare the asset surplus;

If the Environmental Services committee recommend that the asset is surplus, a report will be brought to the L&P committee to consider disposal;

Note: The disposal option would be via the Disposal of Surplus Public Sector Property NI (D1) process to satisfy disposal legal requirements.

The Head of Capital Works, Energy and Infrastructure presented detail via Powerpoint Presentation.

In response to Elected Member queries, the Head of Capital Works, Energy and Infrastructure agreed to obtain a statement from funders confirming there would be no claw back, in the event of a proposed disposal. The Head of Capital Works, Energy and Infrastructure also agreed to obtain a second valuation from an independent valuer.

Committee advised additional information was required to explore all other available options to Council. The Head of Capital Works, Energy and Infrastructure urged caution regarding imminent cost liabilities to Council.

- \* **Alderman Finlay arrived at the meeting at 7.48PM.**
- \* **Councillor McMullan left the meeting at 8pm and re-joined at 8.06pm during discussions.**

Proposed by Alderman Robinson  
Seconded by Councillor Wilson

- to recommend that Council invite Brian McGrath and his Team from Londonderry Port and Harbour Commissioners to present to Environmental Services Committee as urgently as possible.

Following discussion, Councillor McMullan clarified his proposal to meet with Donegal County Council, which Councillor Chivers had seconded was not an amendment to the substantive motion, as he supported it.

Councillor Wilson, as the seconder of the substantive motion, clarified he had no objections to a meeting with Donegal County Council but an initial meeting should take place with Londonderry Port and Harbour Commissioners before meeting with Donegal County Council. Councillor McMullan concurred with this approach.

Councillor Baird urged caution for Planning Committee members, the Director of Environmental Services considered any planning implications would be for Greencastle, regarding pontoons and marine Licensing.

The Chair put the substantive proposal to the committee to vote. Committee voted unanimously in favour. The Chair declared the motion carried.

**AGREED** - to recommend that Council invite Brian McGrath and his Team from Londonderry Port and Harbour Commissioners to present to Environmental Services Committee as urgently as possible.

**MOTION TO PROCEED 'IN PUBLIC'**

**AGREED** – that committee move '*In Public*'.

**18. ANY OTHER RELEVANT BUSINESS (NOTIFIED IN ACCORDANCE WITH STANDING ORDER 12 (O))**

There were no matters of Any Other relevant Business.

There being no further business the Chair thanked everyone for their attendance and the meeting concluded at 8.30PM.

---

Chair
