22. Notice of Motion proposed by Councillor McGurk, seconded by Councillor McGlinchey (referred from Planning Committee Meeting 19 April 2019)

“This Council opposes plans to develop a goldmine and processing plant in the Sperrins and wider region. Given the serious health and environmental risks involved, this council is opposed to the use of cyanide for mining purposes, which also contravenes the European Parliament resolution of 27 April 2017 on the implementation of the Mining Waste Directive (2006/21/EC)”.

23. Notice of Motion proposed by Councillor McLean, seconded by Councillor McAuley (referred from Council Meeting 1 October 2019)

“Causeway Coast and Glens Borough Council has many miles of beautiful coastline that has seen an increase in visitors during the last number of years as we promote its tourism opportunities. Unfortunately, the marine environment suffers from an increasing amount of plastic waste and in shore litter which locals have always been keen to keep under control. In order to assist local communities in keeping their areas tidy and free from litter, this Council would

purchase and install a number of Seabins in order to improve this position and ensure future generations can enjoy this wonderful asset.”
