9. Notice of Motion proposed by Councillor Nicholl and seconded by Councillor C McShane (referred from Council Meeting 7 March 2023)

I would like to put forward this motion for the next full council meeting as a follow up to my 2015/16 motion as mentioned below.

In 2015/16 I had a motion in relation to defibrillators, so this is an update to that motion that was passed then, with an added request to establish a fund for community / sports organisations to apply to. The British Heart Foundation can

part-fund equipment, so I believe it is worth us exploring if we could establish a fund that would support this. I think this might have been established at one time in other Councils too.

"That this Council agrees to: Review and where appropriate, remedy its provision of defibrillators across its entire public estate to ensure no gaps exist in adequate service provision. This needs to include our leisure facilities, Council offices, Community centres and areas of high public footfall; Undertake a programme of training for staff who have daily contact with the public in the use of Defibrillators and CPR; and to explore establishing a fund for groups to apply to from across Causeway Coast and Glens to support funding this equipment in their communities."
