1. APOLOGIES

Apologies were recorded for Councillor McGlinchey.

2. THE MAYOR'S BUSINESS

The Mayor stated:

I'd like to start by expressing a heartfelt thank-you to our Council staff and emergency services for their incredible efforts following the storm. Your work in facilitating community calls was crucial and deeply appreciated by so many in our area.

I'd also like to highlight our engagement with secondary schools this month, starting important conversation with young people about the political process and the role we play as Council. I'd like to see this connection grow.

I'd also like to extend my thanks to Dungiven Library for hosting our charity coffee morning. All proceeds from the event are being donated to MindWise and NIKPA. I'm grateful for everyone who donated, assisted with PR, made pastries, and helped out on the day; it was truly a team effort.

I had the honour of speaking at the Horizons Graduation Event, where I had the privilege of seeing our future leaders and the incredible work they're doing in our community.

I'd like to thank the Deputy Mayor for her ongoing support. I'm looking forward to seeing you all next Saturday, 15 February, at the coffee morning in Coleraine Town Hall, which the Deputy Mayor and I will be hosting.

Councillor Holmes expressed his thanks to Council staff and NIE for their hard work in response to the effects of the storm.

The Chief Executive expressed his gratitude to the Councillors, whose feedback and detailed knowledge of their constituencies helped NIE respond to the unprecedented level of power outages following the storm. He stated that it was a massive team effort that showed the value of Councillors' knowledge of the 40 wards within the seven District Electoral Areas.

3. DECLARATION OF MEMBERS' INTERESTS

There were no declarations of Members' interests.

* **Alderman Knight-McQuillan joined the meeting at 7.09pm.**

4. DEPUTATION – GORDON LYONS MLA, MINISTER FOR COMMUNITIES, AND DAVID POLLEY DIRECTOR OF HOUSING SUPPLY POLICY

The Mayor welcomed Gordon Lyons MLA, Minister for Communities, and David Polley, Director of Housing Supply Policy, Department for Communities (DfC) to the meeting. He invited Members to ask questions.

The Minister for Communities thanked Councillors for the opportunity to speak to Council. He echoed the thanks to everyone who worked so hard to get the residents of the Borough through the recent storm, and stated that he was pleased to be able to provide funding for some of the essential provisions to respond to it.

In response to a query from Alderman McAuley regarding how the housing supply could be funded, the Minister for Communities agreed that there is huge concern about the Housing Executive's stock and the condition of it. He stated that his Department is seeking confirmation from the UK Government that it is prepared to treat the Housing Executive in the same way as other housing associations across the UK and allow it to borrow against its assets. This would allow for investment in the current housing stock and allow for more social housing to be built in all parts of Northern Ireland. He stated that it is one of the Department's highest priorities and he welcomed any support that the Council can give to support it.

* **Alderman Callan joined the meeting at 7.12pm.**

In response to a request from Councillor Watton, the Minister for Communities advised that the Department would provide up-to-date figures for the allocation of the social housing budget to the different Council areas. He agreed that housing need can be underreported in rural areas and advised that that was one of the reasons that the Department has developed the supply strategy. He stated that the prevalence of Airbnbs and second homes in Causeway Coast and Glens is twice the rate as the rest of Northern Ireland, and that he has asked the Department for the Economy to look into the matter, particularly in respect of the regulation of Airbnbs.

In response to a query from Councillor McCully, the Minister for Communities advised that wastewater infrastructure is a critical issue in respect of housing provision and he hoped that the new Infrastructure Minister will bring forward proposals to address this issue.

* **Councillor Nicholl joined the meeting at 7.20pm.**

In response to Councillor Schenning, the Minister for Communities advised that the work of the community and voluntary sector is valued and that a 5% uplift would be provided to the sector this year, along with £1,500 to support smaller organisations. He expressed his concern regarding this Government's approach to National Insurance contributions and the pressure that will put on those organisations, and stated that there was cross-party support for the Finance Minister in making sure there was support for those who need it.

In response to Councillor N Archibald, the Minister for Communities advised that the Housing Executive survey will aim to determine the areas of highest housing

need. He advised that, for the first time in Northern Ireland, the intermediate rent product will be coming to the market, which will allow for low interest borrowing that will enable developers to build more homes, on the condition that they will be rented to low-income households for a period of time.

Councillor McGurk asked how DfC intends to meet its targets in relation to provision in rural areas specifically, as the latent demand process is not working adequately to address the need in rural areas. The Minister for Communities advised that the Housing Executive has set up a rural steering group to explore the barriers to rural housing development. He stated that DfC has recently commissioned research that is currently being evaluated, and that he would let Council know when this will be published.

In response to Councillor MA McKillop, the Minister for Communities advised that the consultation on the points system will be a thorough review of how points will be provided and that he expects that it will be completed in mid-2026.

Alderman Knight-McQuillan stated that Section 96 of the Local Government Act (Northern Ireland) 1972 involves a very outdated requirement for Council to contact DfC in respect of land acquisitions or leases if it is to be for less than best value. She stated that this process is costing Council money and that a common-sense approach should be taken when Council is supporting a community organisation, for example. The Minister for Communities stated that he would be happy to look at how this process could be simplified, but advised that it make take time if legislative change is required.

Councillor Peacock raised the issue of “hidden homeless”. She expressed concern regarding the housing growth indicators. She stated that the way that the Housing Executive calculates and collates the data has a massive impact on the development of the Local Development Plan (LDP) and that the current figures are not reflecting the true housing need. She asked what work is being done with the Department for Infrastructure and the planning process to ensure land is available for building homes. The Minister for Communities agreed on the importance of land availability and advised that there would be an announcement on that in the coming weeks.

The Director of Housing Supply Policy advised that Housing Executive uses the Strategic Housing Market Analysis reports (SHMAs), but a lot of the underlying data has since changed, so some work will be done on that. There will also be work done to take into account changes in demand due to events such as a new factory opening in a town or a university expansion. He also advised that there will be another conference in the summer with local place shapers, Housing Executive and Council Planners, to consider how to make the system work better.

Councillor Holmes raised the issue of the lack of wastewater infrastructure and the impact of second homes in this area. He stated that removing the rates cap could have a significant impact here. The Minister for Communities reiterated the need to look at the issue of Airbnbs, and stated that the rating system has a role to play in addressing housing availability, particularly in relation to derelict or empty properties.

In response to Alderman Callan's comments regarding the US/NI Cultural Working Group, the Minister for Communities agreed that DfC wants to promote NI as much as possible. He emphasised the cultural and heritage links with the US, which are good for both tourism and investment.

Councillor Anderson congratulated the Minister on opening the £36 million stadium funding. The Minister advised that the fund will open from Thursday, with all clubs having the opportunity to apply, and that he wants to see investment in grassroots sport.

Councillor Wilson noted the increase in remote working and queried whether unused public land could be utilised for housing development. The Minister advised that he has tasked officials to look at making the best use of public resources that are available.

* **Councillor Storey joined the meeting at 7.49pm.**

In response to Councillor Kyle stating that there is no one-bed accommodation currently available in the Borough, the Minister advised that it is an issue across NI and that he hopes to make an announcement in relation to this very soon.

In response to Councillor McMullan, the Minister advised that the issue of tenancy fraud has been raised with the Housing Executive and that plans are being developed to address it. He advised that to tackle this issue, evidence needs to be provided, so he encouraged people to report instances of housing not being used as it should.

In response to Councillor Huggins, the Minister advised that DfC had considered the possibility of introducing a rent cap to curtail private rent increases, but research has shown that it has the opposite effect than hoped and actually results in increased rent costs overall.

Councillor Storey stated that allegations had been made against the Council that has resulted in costs to the Council of approximately £1 million. He asked when the Council will know the name of who reported Council to the Minister's predecessor. The Minister advised that he would have to come back to Council on that as he would need to check what can legally be said about it.

In response to Councillor Storey's query regarding funding for the housing stock, the Minister reiterated the importance of getting Treasury to confirm the accounting rules that would allow the Housing Executive to borrow against its stock, in the same way that housing associations across the UK are able to. He advised that the Executive are all on board with this approach.

As there were no further questions, the Mayor thanked the Minister and the Director of Housing Supply Policy for attending the meeting.

- * **The Minister for Communities and the Director of Housing Supply Policy left the meeting remotely at 8.06pm.**

5. MINUTES OF THE COUNCIL MEETING HELD TUESDAY 7 JANUARY 2025

Copy, previously circulated.

Proposed by Alderman Callan
Seconded by Councillor Watson and

RESOLVED – That the Minutes of The Council Meeting held Tuesday 7 January 2025 were confirmed as a correct record.

6. MINUTES OF THE ENVIRONMENTAL SERVICES COMMITTEE MEETING HELD TUESDAY 14 JANUARY 2025

Copy, previously circulated.

Councillor Mairs, as Committee Chair, proposed the minutes.

Matters Arising

6.1 Parking Consultations & Decision on Introduction of Charges

Councillor Peacock raised Item 7 in the Minutes, Parking Consultations & Decision on Introduction of Charges. She stated that some key points had not been highlighted in that discussion, which were: the Quay Road car park closing to the public for two years, and the Growth Deal project at the Sheskburn site, details of which are currently unknown. She stated that Council needs to make an exception for residents of Rathlin, as the only inhabited island here, and referred to the Rathlin Island Action Plan and the Ministerial Forum of which this Council is a key partner, which recognises the different challenges faced by the island community. She stated that the current proposal is not adequate.

Councillor Peacock proposed that Council does not impose parking charges at either West Bay car park or Ballycastle sea front car park.

Councillor McShane seconded the proposal, and stated that that option was not given in the consultation.

Amendment

Proposed by Councillor Peacock

Seconded by Councillor McShane

- That Council does not impose parking charges at either West Bay or Ballycastle sea front.

Councillor McShane requested a Recorded Vote.

The Mayor put the Amendment to the Council to Vote.

15 Members voted For; 23 Members voted Against; 1 Member abstained.

The Mayor declared the Amendment lost.

Recorded Vote Table

For (15)	Alderman Coyle
	Councillors C Archibald, N Archibald, Bateson, Chivers, Kennedy, McGurk, MA McKillop, McMullan, McQuillan, McShane, Nicholl, Peacock, Schenning, Watson
Against (23)	Alderman Boyle, Callan, Fielding, Knight-McQuillan, John McAuley, S McKillop, Scott, Stewart
	Councillors Anderson, Callaghan, Holmes, Huggins, Kane, Kyle, Mairs, Jonathan McAuley, McCully, Stirling, Storey, Wallace, Watton, Wilson, Wisener
Abstain (1)	Alderman Hunter

Councillor Kane noted that there are some outstanding issues that need to be addressed: people travelling by ferry who will be parked over a period of charging days, and the matter of residents' parking. He advised that there is a system in Newry, Mourne and Down District Council (NMDDC) whereby Council provides a free car parking permit to NMDDC residents for one forest park of their choice and suggested that an equivalent system could be introduced here.

Amendment

Proposed by Councillor Kane

Seconded by Alderman Stewart

- That Council officers will liaise with the ferry companies on the arrangements for those leaving Ballycastle by ferry for a period running over two or more charging

periods; and that Council will explore the feasibility of introducing a single carpark permit scheme for households in Causeway Coast and Glens, similar to that in operation at Forest Parks in Newry, Mourne and Down, and bring forward a report and proposal within two months.

Councillor Peacock requested a recess.

* **The Mayor called a recess at 8.19pm.**

* **The meeting reconvened at 8:33pm.**

Councillor Kane repeated his amendment.

Councillor McShane stated that there are a lot of permeations and issues that could be discussed in more detail and that it was unfortunate that Councillors did not support the previous amendment.

The Mayor put the Amendment to the Council to vote.
17 Members voted For; 18 Members voted Against; 1 Member abstained.
The Mayor declared the Amendment lost.
