4. CONSULTATION ON PUBLIC HEALTH AGENCY DRAFT CORPORATE PLAN 2025-2030

Report, previously circulated, was presented by the Director of Environmental Services.

Purpose of Report

The purpose of this report is to provide a Causeway Coast and Glens Borough Council response to the consultation.

Background

The Public Health Agency (PHA) has launched a consultation on its draft Corporate Plan for 2025 – 2030. The draft Plan sets out the strategic direction for the PHA over the next five years and where they will target their work.

The draft plan states that PHA endeavours to translate the Health and Social Care values into its culture by putting individuals and communities they at the heart of everything they do, acting with openness and honesty and treating people with dignity, respect and compassion; working together in partnership to improve the quality of life of those they serve, listening to and involving individuals and communities; valuing, developing and empowering their staff and striving for excellence and innovation; being evidence led and outcomes focused

The draft Plan sets out a framework for delivery which is based on the thematic areas of focus detailed in the report.

For each of the focus areas, the draft plan sets out the PHA's ambitions, priorities for the years ahead and how success will be measured.

The full consultation document can be found at:

<https://www.publichealth.hscni.net/about-us/consultations/current-consultations/draft-pha-corporate-plan-2025-2030-consultation>

Appendix 1 (previously circulated) is a suggested response to the consultation.

The closing date for submission of responses was 28th February 2025. Due to the time constraints this response has been submitted as an officer response pending endorsement and approval by Council.

Recommendation

It is recommended that Council endorses the response.

The Director of Environmental Services advised that although the response has already been submitted due to time constraints, any amendments can be submitted following approval by Council.

Proposed by Councillor Callaghan
Seconded by Councillor C Archibald and

AGREED – to recommend that Council endorses the response.

5. **CONSULTATION ON A DRAFT FUEL POVERTY STRATEGY FOR NORTHERN IRELAND**

Report, previously circulated, was presented by the Director of Environmental Services.

Purpose of Report

The purpose of this report is to provide a Causeway Coast and Glens Borough Council response to the consultation.

Background

The Department for Communities (DfC) has launched a consultation on a draft Fuel Poverty Strategy for Northern Ireland which proposes a framework for addressing fuel poverty and its impacts.

DfC defines fuel poverty is the inability of a household to heat and power their home adequately. It is affected by the cost of energy, the energy efficiency of the home and energy needs of those living in it, and household income. When people cannot heat their homes adequately it can lead to poor mental and physical health.

This strategy proposes a vision of a Warm, Healthy Home for Everyone, supported by 4 principles. It contains a number of proposed actions that will help us achieve the following objectives to:

1. Make homes more energy efficient
2. Collaborate and build capacity
3. Protect consumers

The draft Strategy also proposes a new approach to measuring and reporting on fuel poverty and proposals for the Department's new Fuel Poverty Energy Efficiency scheme.

The full consultation document can be found at: <https://www.communities-ni.gov.uk/consultations/consultation-new-fuel-poverty-strategy-northern-ireland>

Appendix 1 (previously circulated) is a suggested response to the consultation.

The initial date for submission of responses was 6th March 2025. However, Council has been granted an extension until 12th March 2025, with the response subject to subsequent endorsement and approval by full Council.

Recommendation

It is recommended that Council endorses the response.

The Director of Environmental Services advised that any amendments can be submitted following approval by Council.

Councillor Huggins noted that the response was very comprehensive and praised those involved in drafting it.

* **Councillor Holmes joined the meeting in the Chamber at 7.06pm.**

Proposed by Councillor Huggins
Seconded by Alderman S McKillop and

AGREED – to recommend that Council endorses the response.

Background

Article 27 (1) of the Food Safety (NI) Order 1991 requires that the Council appoint one or more persons (Public Analyst(s)) to act as Analyst(s) within the district of the Council.

Furthermore the Framework Agreement* (Chapter 2, para 12.8), states that Causeway Coast and Glens Borough Council shall ensure that a Food Analyst is appointed to carry out examinations and analyses of food samples. In making these appointments, all relevant legal requirements and Codes of Practice shall be satisfied.

Following a tendering process led by Antrim and Newtownabbey Borough Council on behalf of all 11 Northern Ireland Councils, the contract for Public Analyst Services has been awarded to Eurofins Food Testing Ireland Limited.

Recommendation

It is recommended that Members note the above information.

Committee NOTED the report.

15. FOOD WASTE RECYCLING INITIATIVE

For information report, previously circulated, was presented by the Director of Environmental Services.

Purpose of Report

The purpose of this report is to advise Members of an initiative to increase the quantity of food waste deposited in the household brown bin and in turn reduce the disposal of food waste in household black and blue bins.

Background

A waste compositional analysis study of household residual (black bin) and mixed recyclables (blue bin) waste was conducted in July 2024. The study highlighted the continuing incorrect disposal of food waste.

Study results showed that 22.5% of black bin and 4.4% of blue bin contents was food waste.

Since autumn 2018, all households have been in receipt of a 240 litre brown bin for recycling mixed food and garden waste and a 5 litre food caddy. Council supplies biodegradable food caddy liners free of charge.

Food and garden waste collected via the kerbside brown bin collection service goes to a locally based organics company to be processed into organic composts and soil conditioners.

Action

It is intended to apply a label to all household black bins. Text on label will instruct householders that all food waste should be deposited in the brown bin for recycling.

Presently, c.5000 tonnes of food waste per annum is disposed of incorrectly via household black and blue bins.

Diverting food waste from the blue and black bins into the brown bin will realise financial savings (c.£60 per tonne), improve council's recycling rate and contribute to the circular economy.

A Province-wide initiative co-ordinated by WRAP, similar to the one being undertaken, was conducted in 2017. This resulted in an immediate one third reduction in food waste deposited in the black bin.

Recommendation

It is recommended that Committee notes the initiative to reduce food waste deposited incorrectly in household black and blue bins and in turn increase the amount of food waste presented for recycling via the brown bin.

The Director of Environmental Services advised that this initiative has the potential to increase the amount of material recycled and achieve savings of £300,000 for Council. He asked Councillors to support and circulate the PR for this initiative.

In response to a query from Councillor Holmes, the Director of Environmental Services advised that bin lorry staff check bins on their rounds for incorrect contents, particularly blue bins. He further advised that consideration is being given to employing a staff member to go door-to-door to try to promote recycling in areas with low rates of recycling.

Committee NOTED the report.

16. PERIOD 10 – ES MANAGEMENT ACCOUNTS AND FINANCIAL POSITION 2024/25
