8.2 Affordable Warmth Scheme (Item 7)

Members reiterated their concern on the low percentage of households assisted by the scheme in relation to the total number that had been referred. Members also expressed their concern that the DLA benefit had been taken into account when awarding funding which had reduced the number of households deemed eligible.

The Director of Environmental Services informed Members that information be brought back to Council in relation to how funding is allocated by the Affordable Warmth Scheme.

The Director of Environmental Services also reported that Council would write to the Department for Social Development regarding its view that DLA should not be taken into account as a benefit when considering allocation of funding.

It was proposed by Councillor Stevenson that Council corresponds with NI Council of Social Care to establish their role before looking at adverse possession, and Council meet with the Evergreen Club but do not carry out a Condition Survey.

Councillor Hickey stated that Council needed to be more innovative than the revamping of Waterworld. Should Waterworld close then it would leave Portrush without a wet weather facility which would affect tourism and the community. Councillor Duddy raised a Point of Order that this Item should be discussed 'In Committee', as it had previously been, and referred to Standing Order 10.7. He also stated that Alderman Hickey's proposal was not an amendment to the proposal but was a separate item and therefore should be included on the Agenda for the next Leisure and Development Committee Meeting.

In June 2014, based on a recommendation from the Minister of the Environment, the NI Executive formally agreed that the Local Government Staff Commission would be wound up in March 2017.

As a consequence of this decision the existing Code of Procedures on Recruitment and Selection, which is based on the involvement of the Commission throughout the recruitment process, will no longer be applicable. 19. Annual Insurance Renewal

The Director of Performance presented the report previously circulated and summarised as undernoted:

As reported to CPR during Shadow Council (15.01.15) Causeway Coast and Glens Borough Council participated in a Collaborative procurement exercise for Insurance and brokerage services. As a result Willis were appointed for a 2 year duration, commencing April 2015. This process was subject to OJEU (Official Journal of the European Union) procedures based on the value of the service being procured. OJEU is the publication in which all tenders from the public sector that are valued above a certain financial threshold according to EU legislation, must be published.

The increase in total premium is mainly due to the increase in the Combined Liability Insurance.

The reason for the increase is as a result of carry forward claims from Legacy Councils, and also due to claims settled during the year.

Long Term Agreement Options are available in respect of both Combined Liability and Officials Indemnity Policies – by selecting this option a 6.5% discount can be achieved along with rating stability. A new long term agreement is also available in respect of the Commercial Combined Liability – selection of the agreement will generate a 5% premium discount.

The Combined Liability Insurer has also offered alternative terms on the basis of a £10k deductible in respect of the combined liability policy.

It was recommended: that Council renew Insurance Cover as detailed in Table 1 (previously circulated), and consider entering into a Long Term Agreement for Combined Liability, Officials Indemnity Policy and Commercial Combined Liability, to achieve the discount available and rating stability.

The Director of Performance confirmed that she would bring back further information on the type and size of the claims.

Councillor Duddy proposed, seconded by Councillor Fitzpatrick and **AGREED: that Council renew Insurance Cover as detailed in Table 1, as previously circulated, and consider entering into a Long Term Agreement for Combined Liability, Officials Indemnity Policy and Commercial combined Liability, to achieve the discount available and rating stability.**

20. The Queen's 90th Birthday Celebrations

The Head of Democratic and Customer Services provided a verbal update on the events discussed at the Working Group held earlier in the day in relation to the Queen's Birthday Celebrations.

Discussion took place on the possible events outlined and the proposed budget provision. Other points discussed included the provision of Grant Funding Policy, advertising of the events and time constraints taking into consideration that the Queen's birthday takes place on 21st April 2016 and her official Birthday would be celebrated on 10th June 2016.

It was proposed by Councillor Baird, seconded by Alderman S McKillop: that a budget of £25,000 be allocated to the Queen's 90th birthday celebrations.

Members were unhappy that this item had not been brought to Council earlier and requested that the proposed events be itemised and budget costs allocated to each item and this information brought back to the Corporate Policy and Resources Committee as previously agreed in the meeting when the Corporate Policy and Resources minutes had been adopted.

Councillor Harding proposed an amendment, seconded by Councillor Watton: that the proposed budget of £25,000 be split between events and community grants funding.

Members sought clarification from the Council Solicitor. The Council Solicitor confirmed that any decision could be Called In.

Councillor Harding withdrew his amendment with the agreement of the seconder Councillor Watton.

In relation to community grants, the Director of Leisure and Development confirmed that members were not required to make a decision at the Meeting and that the Head of Democratic & Customer Services could bring the information presented to the next Corporate Policy & Resources Committee Meeting for a decision to be made if Members so wished.

The Mayor called a recess at 10:03 and the meeting reconvened at 10:20.

Councillor Baird subsequently withdrew her proposal, with the agreement of her seconder, Alderman McKillop.

Following discussion during which Councillor Callan stated that under Standing Order 3.1 the Mayor could call a Special Council Meeting to consider the issues, the Mayor confirmed and it was AGREED: **that a Special Council Meeting would be to be convened to discuss the proposed events and budget to celebrate the Queen's 90th Birthday.**

It was proposed by Councillor McCorkell, seconded by Councillor Wilson and AGREED: **that the Council resolve itself 'Out of Committee'.**

This being all the business the meeting closed at 10:25pm.
