#### 16. Sunbed Underage Sales Test Purchase Exercise

**District Councils have a statutory duty to enforce the provisions of The Sunbeds Act (Northern Ireland) 2011 which came into effect in May 2012. The Act prohibits the use/ sale and/or hire of sunbeds to persons under the age of 18.**

**To raise awareness of the above legislation and assess compliance by sunbed premises across the Borough a test purchases exercise was conducted on 19th March 2016 by Council Environmental Health Officers.**

**All sunbed premises tested refused to sell a sunbed session to the child and therefore represented a 100% compliance rate on this occasion.**

**No test purchase exercise of sunbeds had previously been carried out across the legacy council areas so this was the first test purchase of sunbed premises within the Borough since the introduction of the legislation. It is therefore reassuring to have such a high compliance rate and this can be attributed to the diligence shown by sunbed premises owners in applying the legislation, working closely with Environmental Health Officers and the ongoing commitment shown by Council in this education and enforcement programme.**

A total of 86 premises were visited with 76 tested for tobacco sales and 10 for cigarette lighter refills sales. 74 premises refused sales to the child for cigarettes and 9 refused sales of butane cigarette lighter refill to the child.***

***This represents a 97 % compliance rate by the retailers tested in relation to the selling of tobacco and a 90% compliance rate in relation to the selling of butane cigarette lighter refills to an underage person. Similar exercises have been conducted across the legacy council areas in the past with varying degrees of success but it is reassuring to note the high compliance rate on this occasion.***

## **19. Council Emergency Plan**

## **21. Bellarena and Castlerock Level Crossing Upgrades**

Information report, circulated, summarised as undernoted:

***Translink continue with upgrade work to the line connecting Londonderry and Belfast. Trains stop in at locations throughout the Borough including Ballymoney, Coleraine (connects to University & Portrush), Castlerock and Bellarena. As part of the work the layouts at the level crossings at Castlerock and Bellarena are being upgraded/refurbished.***

***Work includes provision of new barriers, lights, signs, cattle-cum- trespass guards, audible warning and road markings. The control of the signalling will be based in Coleraine. Ultimately, on completion of the line upgrade, the new timetable will show an increase in trains and reduced journey times.
