- 4) All door supervisors employed must be licensed with a scheme recognised by Causeway Coast and Glens Borough Council.

5.12 LOCAL GOVERNMENT (MISCELLANEOUS PROVISIONS)(NI) ORDER 1987

ARTICLE 14 – BYE-LAW FOR THE CONTROL OF THE BUSINESS OF TATTOOING

The above Bye-law requires any person who wishes to carry on the business of tattooing to register themselves and their premises and to observe the Bye-law relating to the cleanliness and hygiene of premises, practitioners and equipment to protect customers against the risk of infection.

On 7 March 2016 [REDACTED] made application to the Department to register to carry on the business of tattooing at Colour Tattoo Studio, 40a Catherine Street, Limavady.

The premises has been inspected by an officer from the Department and found to comply with the requirements.

Recommendation

It is recommended that [REDACTED] be registered to carry on the business of tattooing at Colour Tattoo Studio, 40a Catherine Street, Limavady.

AGREED - to recommend that Council approve and grant recommendations therein as outlined within the Licensing report above Items 5.1- 5.12 inclusive.

6 OUTDOOR CONCERT – DUNLUCE CASTLE

Grant of Entertainment Licence – Concert Opposite Dunluce Castle on land.

Premises:	Outdoor Concert on lands opposite Dunluce Castle

Application:	Grant of an outdoor entertainment licence for a concert on lands opposite Dunluce Castle Days and times on which it is intended to provide entertainment: Friday 9 th , Saturday 10 th and Sunday 11 th September 12:00 – 22:00
Representations:	Closing 14 th June 2016
PSNI and NIFRS:	Awaiting response

Proposed by Councillor Baird
Seconded by Councillor MA McKillop and

AGREED – to recommend that Council grant the entertainment Licence subject to compliance with any recommendations of the Councils licensing department inclusive of the following special conditions:

- 1) No representations
- 2) No objections from PSNI or NIFRS
- 3) All requirements as contained within Nightsafe Coleraine Code of Best Practice 2012.
- 4) All door supervisors employed must be licensed with a scheme recognised by Causeway Coast and Glens Borough Council

7 CIVIL MARRIAGE VENUES

The applicant has made application for the above premises to be approved as a venue for temporary Civil Marriage as per The Marriage (NI) Order 2003.

<u>Applicant</u>	<u>Name of Premises</u>
██████████ ██████████	Beach at Ballintoy Harbour which is owned by Causeway Coast and Glens Borough Council

No objections were received during the objection period. It is recommended that committee approve this venue as a place for Temporary Civil Marriage subject to the requirements of the Councils licensing department.

<u>Applicant</u>	<u>Name of Premises</u>
██████████ ██████████	Gracehill House, 141 Ballinlea Road, Straocum BT53 8PX

No objections were received during the objection period. It is recommended that committee grant approval for this venue as a place for Civil Marriage subject to the requirements of the Councils licensing department.

<u>Applicant</u>	<u>Name of Premises</u>
██████████ ██████████	Marquee at McShane Glen Leisure Cottages, 129 Whitepark Road, Ballintoy, Ballycastle

No objections were received during the objection period. It is recommended that committee approve this venue as a place for Temporary Civil Marriage subject to the requirements of the Councils licensing department.

Proposed by Councillor Loftus
Seconded by Councillor Baird and

AGREED - to recommend that Council grant approval as outlined in the above Civil Marriages Venues report.

8 CONSULTATION ON DILAPIDATED BUILDINGS

The Department of the Environment are currently considering proposals to introduce a new regime of legislation to deal with dilapidation, one which gives Council more effective powers to tackle the most dilapidated and dangerous buildings and neglected sites but also will enable Council to take action to prevent such dilapidation and neglect occurring in the first place.

The latest stage in this process is publication of a policy consultation document within which a number of options are outlined.

The response, previously circulated, includes comments from Building Control, Environmental Health, Planning Service and Finance enabling a corporate response to be made which it is hoped will help shape the final proposals for a new fit for purpose regime to deal with the blight of dilapidation.

Proposed by Alderman Finlay
Seconded by Alderman Campbell and

AGREED – to recommend that Council approve the consultation response, circulated.

* Alderman S McKillop arrived at the meeting at 7.10 PM.

9 REVIEW OF FITNESS STANDARD

The following response has been prepared to the consultation document and is in support of the adoption of the Housing Health & Safety Rating System (HHSRS) for Northern Ireland as it is believed that it is comprehensive and provides the greatest degree of health and safety protection for occupants of dwellings.

Proposed by Councillor Hunter
Seconded by Councillor MA McKillop and

AGREED – to recommend that Council approve the comments made on this discussion paper, circulated.

10 FESTIVAL LIGHTING UPGRADE IMPROVEMENTS

The Head of Estates presented via PowerPoint, report previously circulated.

The four legacy Councils traditionally erected festive lighting at various centres of population throughout their boroughs/district. There were differences in style, type, layout and quantity.

This proposal seeks to address the following issues:

- Upgrade/renewal of lighting systems that are no longer fit for purpose
- Provision of modern LED trees to Ballycastle, Ballymoney, Coleraine and Limavady
- Re-location of feature trees
- Improvements to electrical infrastructure (mini pillars, cabling, additional sources of power)
- Compliance with legislation

Ballycastle (£55,000)

Changes in legislation precludes the use of catenary wires suspended between street lights. Individual features require their own power source from the appropriate lighting column.

New LED tree

New features

New stringed lighting

Ballymoney (£15,000)

Changes in legislation precludes the use of catenary wires suspended between street lights. Individual features require their own power source from the appropriate lighting column.

New LED tree

Increase in number of power sources for stringed features.

Improvements to cabling

Bushmills (£15,000)

Improved supply to tree

New and additional features

Coleraine (£22,000)

New LED tree

Additional lighting to New Market St

New lighting at Railway Place and Leisure Centre

Garvagh (£1,000)

Alterations to lighting controls

Limavady (£12,000)

New LED tree

Portrush (£5,000)

Relocate Christmas tree

Portstewart (£14,000)

Relocate Christmas tree

New features to suit curved promenade lamp posts

Other locations featuring festive lighting (eg, Dungiven and Ballykelly) are currently acceptable requiring no further investment at present. There is an ongoing requirement to renew/repair features as they deteriorate over time.

The 2016/17 Capital Works program contains an Essential Estates Lifecycle Fund to fund this proposal.

The Head of Estates confirmed the normal programme of delivering trees and lights to communities would continue, whilst understanding the inconsistency of Council assistance available to communities across the Borough which did have to be addressed.

During consideration, the committee disagreed with the recommendation for the provision of modern LED trees for Ballycastle, Ballymoney, Coleraine and Limavady and felt the potential saving of £48,000 should be kept in reserve, with the aim of bringing a report back on what additionally could be done for the Borough as a whole.

Proposed by Councillor Holmes

Seconded by Alderman Finlay and

AGREED – to recommend that Council approve upgrade/renew lighting systems that are no longer fit for purpose; re-locate the feature trees; improve electrical infrastructure (mini pillars, cabling, additional sources of power) and comply with legislation.

11 FOOD WASTE COLLECTION

The Food Waste Regulations (Northern Ireland) 2015 came into operation on 14th February 2015. These Regulations require the following:

- Separate collection of food waste;
- A ban on mixing separately collected food waste;
- A ban on landfilling separately collected food waste; and

- A ban on the non-domestic discharge of food waste into the public sewer network.

Key points of the Regulations are as follows:-

- Arrange to provide a receptacle to every domestic property in its area which enables the separate collection of food waste from the property. The requirement is for Councils to have provided receptacles to every domestic property for the separate collection of food waste from 1st April 2017.
- Take reasonable steps to promote separate collection of food waste.
- The Department will not prescribe that Councils provide a kitchen caddy or give guidance on specific receptacles or collection system.
- For Councils that are currently operating commingled food and bio-waste collections these will only continue to be allowed where a Council is satisfied that the amount of food waste collected is not significantly less than would be if food waste is collected separately from other wastes.

Options report previously circulated.

The Director of Environmental Services responded to queries, committee discussed the merits and demerits of the Options as presented.

Proposed by Alderman Cole

Seconded by Councillor MA McKillop to approve Option 1 as recommended

- All households to have food and garden waste collected in 240 litre bin (standard household size)
- Fortnightly collection

The Director clarified that Council would be likely to receive funding with the approval of Options 2, 3, 4 and 5 as presented.

Councillor Holmes identified that Council could potentially make a saving by adopting a separate glass recycling collection service. The Director concurred to bringing a report back that would show alternative options, including glass recycling with a view to enhancing the value of blue bin waste.

Alderman Cole withdrew his proposal and sought a deferral of consideration to the next committee meeting, Councillor MA McKillop, as seconder, concurred with the withdrawal of the motion.

AGREED - to recommend that Council defer consideration of the Item to the August Committee Meeting.

12 CHANGE THE ORDER OF BUSINESS

AGREED – to change the Order of Business, to receive Agenda Item 17 next.

13 NOTICE OF MOTION SUBMITTED BY ALDERMAN MCKILLOP (REFERRED FROM COUNCIL MEETING 24TH MAY 2016)

Proposed by Alderman S McKillop
Seconded by Councillor Watton

'I propose that this Council takes a more sensible, holistic approach to car parking charges in the Borough and I call for this council to do a strategic scoping exercise to identify opportunities that potentially exist to increase car parking spaces in Coleraine town centre with the goal of supporting businesses. Furthermore, that this Council works with DRD and other investors during this process'

Alderman S McKillop read a prepared speech in support of her Notice of Motion.

At this point the Head of Infrastructure presented the Car Park Options report.

Amendment
Proposed By Councillor Holmes
Seconded By Councillor Hunter

That this Council takes a more sensible, holistic approach to car parking charges in the Borough and call for this Council to do a strategic scoping exercise to identify opportunities that potentially exist to increase car parking spaces where required with the goal of supporting businesses. Furthermore, that this Council works with DRD and other investors during this process and accordingly move forward with Item 11 as proposed by the Officers.

On the amendment being put to the meeting Alderman S McKillop called for a recorded vote, 9 members voted in favour, 7 against, the amendment was agreed.

For: Aldermen – King
(9) Councillors – Baird, Holmes, Hunter, Chivers, McCaul, MA
McKillop, Loftus and Mulholland

Against: Alderman – Campbell, Finlay, S McKillop, Cole
(7) Councillors – McLean, Fielding and Watton

14 CAR PARK OPTIONS

The transfer of the Off Street Parking functions from the DRD to local councils occurred on 1 April 2015 by virtue of the Off Street Parking (Functions of District Councils) Act 2015 (Note only 12 of the 37 car parks currently charge).

This has presented Council with revenue opportunities and it was agreed as part of the rates setting process to raise an additional £400,000 income from Councils car parking assets.

A summary of projected income and expenditure for the Car Parks was tabled, as well as, 5 options for proposed tariffs for 2016/17 financial year.

Consultation took place with stake holders across the Borough to discuss the five charging proposals to obtain views and comments. The attendee list with comments / views from the stakeholders was circulated.

Options report previously circulated.

The Head of Infrastructure responded at length to specific Elected Member queries surrounding their towns and villages and the detrimental impact the recommended Options would prove for residents, businesses and visitors to their respective areas.

Proposed by Councillor Mulholland
Seconded by Councillor McCaul

To recommend that Council defer consideration of the Item until a full mapping exercise of the entire Borough is carried out to take into consideration all car parking around it and the need for consideration as a whole.

Councillor Baird stated the issue could not be put in abeyance, she could not agree with pulling back increases in charges as Council did need the funding and supported Option 1. Councillor MA McKillop agreed with Councillor Baird. Councillor Baird considered that, in the meantime, a more holistic approach could also be taken.

Amendment
Proposed by Councillor Baird
Seconded by Councillor Loftus

To recommend that Council approve Option 1, until there is a wider look at the whole issue.

Alderman Cole stated he would support a deferral, Councillor Fielding stated he could not support an increase as presented in Option 1, Alderman S McKillop stated she could not support any of the Options.

The Head of Infrastructure stated Officers were instructed, as part of the rates setting process, to raise an additional £400,000 income from Councils car parking assets.

The Chair held a recess from 10.30 PM – 10:45 PM.

On returning to the meeting, the Chair obtained consent from committee to allow Councillor Baird to reword her amendment. Councillor Baird expressed that within Option 1 the recommended increase to Coleraine was substantial and she would propose amending the Option to read from “60 pence” to “50 pence”, as an interim measure, until a holistic approach to car parking was further presented for consideration.

Amendment

Proposed by Councillor Baird

Seconded by Councillor Loftus

To recommend that Council approve Option 1 with the amendment of replacing 60p to 50p:

- **Increase Parking Charges at Key Sites (Mall, Abbey St & Long Commons, all Coleraine) from 40p to 50p**
- **Railway Place, Coleraine - increase from 13p per hr (3hrs for 40p) to 20p per hr**
- **Remove £1 for 5hrs pilot scheme and revert to original tariff**
- **Remove charging from Main Street Limavady (attracts saving of £2448.60 / annum due to rates removal)**

On the amendment being put to the meeting 6 members voted in favour, 0 against, 9 abstentions, the amendment was agreed.

* Alderman Finlay left the meeting at 10.05 PM during consideration of the item.

15 LICENSING REPORT

Information report previously circulated.

15.1 LOCAL GOVERNMENT (MISCELLANEOUS PROVISIONS) (NI) ORDER 1985 - ENTERTAINMENT LICENCES

The undernoted applications for entertainment licences have been received, acknowledged and processed during the report period.
