	DPIA Required and Completed:	Yes/No	Date:

1.0 Purpose of Report

The purpose of this report is to provide members with the available information about the Growth Deal opportunity that is available to Causeway Coast and Glens Borough Council and seek Members approval to progress in principle.

On the 29th July 2019, the Prime Minister announced a new £300m capital Growth Deal fund for Northern Ireland, Scotland and Wales. Specifically, the funding will be available to Falkirk, the Islands, Argyll & Bute, Mid Wales as well as for the Causeway Coast and Glens and Mid, South and West (an amalgamation of Mid-Ulster; Armagh, Banbridge and Craigavon; and Fermanagh and Omagh councils) in Northern Ireland.

The precise breakdown to each region by UK Government will be determined on the strength of their bid and their ability to demonstrate the level of ambition and transformational potential of the local proposals. It is up to local partners, in conjunction with their private and education sectors, to identify what will deliver the biggest impact locally.

It is expected that the Northern Ireland Executive will match this investment. The level of matched funding is ultimately, a decision for the next Northern Ireland Executive. The total co-investment package may also include Council, tertiary education and private sector investment.

2.0 City and Growth Deals

2.1 Headlines

- All deals are fundamentally focused on supporting local priorities to drive economic growth. These needs will vary based on whether the local area's economy is centred on a city region (city deals) or a wider, more dispersed economic geography (growth deals).
- They are agreements between UK Government, the Devolved Administration Government and Devolved Administration local authorities to help the region support economic growth, create jobs or invest in local projects. The new UK Government Growth Deal announcement is designed to complete deals for each of the devolved nations.

2.2 Principles

The deals are:

- Bottom up - based on local (agreed) priorities and proposals.
- Developed with UK and devolved governments.
- Should lever in private sector investment.

The deals are not about devolution of powers or governance change.

2.3 Scope

- UKG will be providing capital funding to support digital and innovation projects, as these are areas of reserved powers.
- The ambitions of City/Growth Deals supports the UK Government's Industrial Strategy; seeing the UK as one of the world's most innovative countries and at the forefront of artificial intelligence and the data revolution.
- Growth Deals are capital funds that are expected to have a flat profile over 15 years.

- The business cases for projects developed under this funding stream will be supported by UK Government Departments and should follow the HMT Green Book standard.
- NI Executive capital matched investment (once agreed) will focus on Infrastructure; Tourism & Regeneration; and Employability & Skills. Business cases for these projects will be developed with the support of relevant NI Departments.

Annex A - An introduction to Devolved Administration City Region and Growth Deals (Ministry of Housing, Communities & Local Government – Sept 2019).

3.0 Introduction

A City or Growth Deal is a bespoke package of funding agreed between UK Government and local regions; aimed at helping to harness additional investment, create new jobs and accelerate inclusive economic growth.

Specifically City Deals are models of economic growth which provide regions with the opportunity to;

- Take charge and responsibility of decisions that affect their area.
- Do what they think is best to help businesses grow.
- Identify priorities for economic growth in the region.
- Decide how funding should be spent to meet those priorities.

4.0 Deals to Date

To date, the UK Government has committed up to £2.3 billion for city and growth deals across Scotland, Wales and Northern Ireland and up to £5 billion across the UK.

Origins date back to the 2010-2015 Conservative and Liberal Democrat coalition government, with rollout to English cities commencing in 2012. The introduction of City Deals came later to Northern Ireland and followed a Conservative and Unionist Party Northern Ireland Manifesto 2017 commitment to ‘work with an incoming Executive to look at how City Deals can be developed in Northern Ireland in order to boost investment and help unlock the full potential of Northern Ireland’.

Annex B - The House of Commons Briefing Paper Number 7158, 31 October 2018.

5.0 The Northern Ireland Context

Within Northern Ireland, the following City Deals have emerged:

Belfast Regions City Deal (BRDC)

This deal is agreed. Agreement is reached with the signing of the Heads of Terms. The BRCD includes collaboration between: Queen’s University Belfast and Ulster University are partners in the Deal, together with the six councils (Antrim and Newtownabbey Borough Council, Ards and North Down Borough Council, Belfast City Council, Lisburn and Castlereagh City Council, Mid and East Antrim Borough Council and Newry, Mourne and Down District Council) the Further Education colleges across the Belfast Region and the Northern Ireland Civil Service to deliver a £850 million co-investment package for the city region.

Annex C – Belfast City Region Deal, City Deals Workshop - Sept 2019

Derry~Londonderry City Region Deal

This deal is not agreed, but a funding commitment of £50m has been announced. In support of their Strategic Growth plan, Derry City and Strabane District Council in partnership with

Ulster University and North West Regional College is proposing an extensive and ambitious programme of capital investment which, along with leveraged funding, which aims to see the delivery of over £130m of community capital projects across the City and District.

The Remaining Areas of Northern Ireland

On the 29th July 2019, the Prime Minister announced that Northern Ireland is to receive part of a £300 million Growth Deal funding for council areas currently without a deal.

On the 1st October 2019, it was further confirmed that Mid South West Northern Ireland and Causeway Coast and Glens are to benefit from a £163m share of UK Government funds to support local growth.

6.0 General Principles

Based upon collaboration with NILGA and the Wales City / Regional Deals, the following general principles have emerged:

6.1 Strategic Importance

- In each of the 4 Welsh Deal areas, this is the Strategic Priority (after the delivery and quality of service delivery).
- The deal process has had the effect of galvanizing the region (public sector / private sector / Councils / education establishments).

6.2 Reset the Economic Focus.

- The examples seen in Wales prove that this is not just about the Deal and the fiscal benefit. In all cases it has been an opportunity to “re-profile how we do economic development”.
- In all four areas, a regional economic development strategy has been developed, but furthermore a regional infrastructure approach has been developed including transport, energy and planning.
- Regional partnership and cooperation has also allowed councils and universities to participate in government programmes such as Innovate UK and UK Research and Innovation programmes, which would otherwise be unattainable.

6.3 Governance

- The priority for any Deal is to establish and agree the governance between the partners. A Deal is a 15 year agreement, which cannot allow party politics or a change of leadership to derail the process.
- The Governance must reflect the regional approach without pro - localism “one entity, not ten parts” (the Leader of the Cardiff Capital Region).
- In all cases the Governance has included:
 - Heads of Terms.
 - Binding 5 Year Business Plan.
 - The establishment of Sovereign Decision Making Body.

6.4 Themes and Projects

- Investment is allocated on an economic priority basis, rather than other influencing factors. A clear logical process is required to establish themes and projects:
- Strategic growth plan which identifies core themes / priorities to create economic growth.
- Evidence based analysis (to identify challenges that constrain growth).
- Selection based upon agreed prioritization metrics (the greatest impact upon employment and wealth creation to establish sustainable growth and resilience).
- Investment in skills and the pathway to employment was at the core of each Deal Area.
- Catalyst projects identified.
- City deal delivery.

7.0 Next Steps

The Deal making process is not based upon a prescribed template, but instead a process aligned and tailored to a specific region. However as general guide, the following steps are necessary:

Serial	Stage	Action
1	Stage 1 - Invitation	Bottom up process starting with Council commitment to Growth Deals (internal).
2	Stage 2 – Development of Proposals, including policy input and expertise.	Target: Council commitment to resource Growth Deal delivery
3		Identification of potential projects that would maximise regional economic development in the reserved and devolved space (internal). Working assumption that Growth Deal modelling will align closely with that of previous City Deals on a per head basis. Working assumption of £30m UKG funding to be 100% matched by NI Exec (internal). Working assumption to extend this to an upper limit of £40m for the preparation of business cases (internal). Working assumption that some of these projects may need dropped once final allocations are made known (external).
4		Policy workshops to refine and resolve outstanding issues.
5		Confirm strong local / private sector partnership and investment.
6		Target: signing of the Heads of Terms.
7		Stage 3 - Approval
8		Funding and Governance arrangements agreed.
9	Stage 4 - Delivery	Implementation, monitoring and on-going assurance.

Whilst UKG is committed to expediting delivery on Growth Deals, beyond Stage 1 i.e. formal engagement with the Ministry of Housing, Communities & Local Government (MHCLG), to progress into the Stage 2 activities, officers will commence the process to establish the Stage 1 working arrangements including:

- 'Founding Partners',
- Governance Structure,
- Resource Requirement,
- Growth Strategy and;
- Proposed Projects, all for Council's consideration.

8.0 Recommendation

With Council's agreement, officers formally engage with the Ministry of Housing, Communities & Local Government to confirm this Council's commitment to a Growth Deal tailored to the specifics opportunities in this Borough.

& Industrial Strategy

An introduction to: Devolved Administration City Region and Growth Deals

Devolution and Decentralisation agenda since 2010

DA City and Growth Deals: what they are

Headlines

- Agreements between UK Government, HM Government and DA local authorities to coordinate new investment and flexibilities to drive growth in key regions
- With the aim of strengthening the Union, these deals aim to accelerate economic growth in the DAs and across borders

Principles

The deals are:

- **bottom up** - based on local (agreed) priorities and proposals.
- **jointly agreed** with the devolved governments.
- should lever in **investment**

The deals are not about devolution of powers or governance change

Scope

UKG deal commitments are:

- (generally) related to **reserved policy areas** (including digital infrastructure, innovation, energy)
- limited to **capital funding** over a longer term (10-15 years) flat profile.
- **subject to business case** (HMT Green Book standard).

DEVOLVED ADMINISTRATION (DA) CITY AND GROWTH DEALS

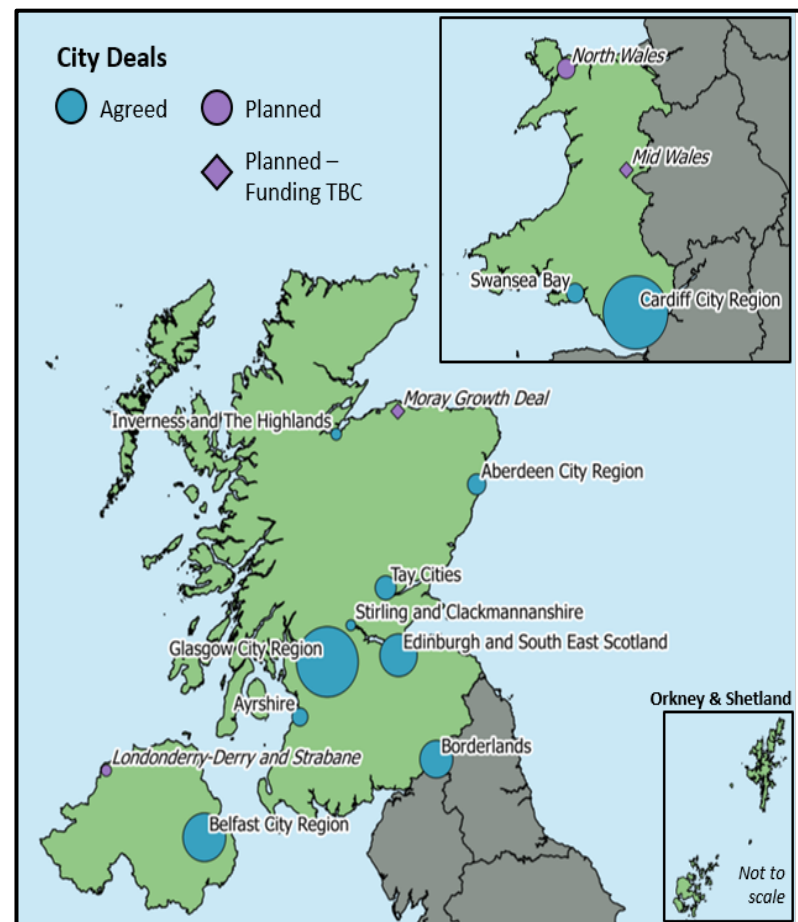

Deals agreed to date across the devolved nations

Working with local partners and the Scottish, Welsh and Northern Irish governments 11 deals have been agreed to date in devolved administrations. 4 are currently being negotiated but have not yet reached Heads of Terms stage

There are 15 City and Growth Deals agreed and in negotiation, committing up to £2.78bn UK Government investment.

Deals agreed	UKG Funding
Glasgow City Region	£523.67m
Aberdeen City Region	£125m
Inverness and The Highlands	£53m
Edinburgh and South East Scotland	£300m
Stirling and Clackmannanshire	£45m
Tay Cities	£150m
Ayrshire	£103m
Borderlands	£265m
Cardiff City Region	£550m
Swansea Bay	£115m
Belfast City Region	£350m

Deals planned	UKG Funding
North Wales	£120m
Mid Wales	TBC
Londonderry-Derry and Strabane	£50m
Moray	£65m

DEVOLVED ADMINISTRATION (DA) CITY AND GROWTH DEALS

What does the new announcement mean?

On 29 July, the Prime Minister committed a further £300 million of new funding investment for growth deals. Through this new funding, we will begin the negotiation of five new deals:

Deals planned
Falkirk
The Islands
Argyll and Bute
Mid South West Northern Ireland
Causeway Coast and Glens

Press release

Prime Minister launches new Growth Deals funding as he kicks off Union visits in Scotland

Prime Minister Boris Johnson launches new Growth Deals funding during Union visit in Scotland.

Published 28 July 2019
From: [Prime Minister's Office, 10 Downing Street](#) and [The Rt Hon Boris Johnson MP](#)

Total UK Govt Commitment

This brings the total commitment of UK Government up to **£3.08 bn to City and Growth Deals in the Devolved Administrations.**

City Deals in Northern Ireland

Belfast Region City Deal

- The **Belfast Region City Deal** will see UK Government invest up to **£350 million** across the region, to support digital infrastructure and new innovation projects in creative industries, advanced manufacturing and healthcare. Heads of Terms were signed on **26 March 2019**.

Derry and Strabane City Deal

- In **May 2019**, the UK Government announced a **£105 million** economic package for the Derry/Londonderry region, consisting of **£50m** for the new **Derry and Strabane City Deal** and a **£55m Inclusive Future Fund** to support a more prosperous and united community.
- The UK Government City Deal funding will contribute towards digital and innovation projects that will boost the local economy.

New Deals

- Through the **£300m** of new funding, we will begin new deals in **Mid South West Northern Ireland** and **Causeway Coast and Glens** to complete total coverage of Northern Ireland with City and Growth Deals.

How we work

Roles in UK Govt

- DA deals are formally led by Territorial Offices ministers for HMG but, given our (CLGU) experience in the policy area and cross-cutting local growth role, we provide them with extensive support in the development, negotiation, and implementation of the deals.
- Scotland Office (only) lead on Tay Cities Region; Stirling and Clackmannanshire & Ayrshire.

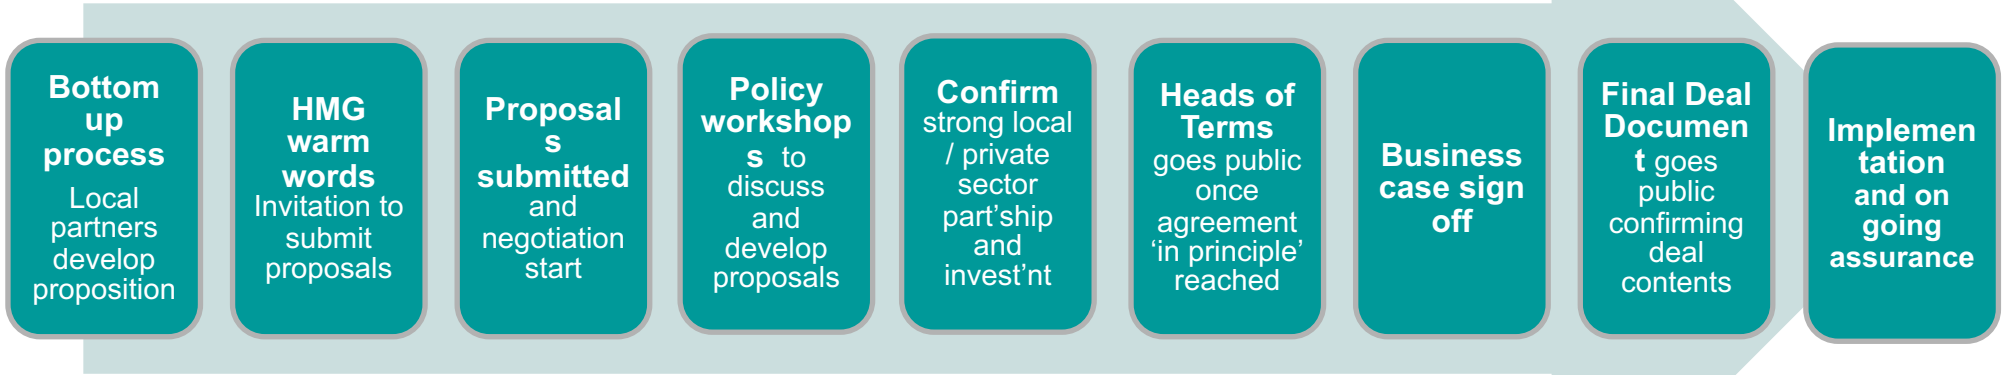

Policy areas and funding

- UKG spend only (usually) on reserved policy areas – so often digital and innovation links
- Two deal models – project based and gainshare/investment fund
- Project based deals require Government approval of full business cases before funding can be released by DA

Governance and Assurance

- Each deal has its own governance structure which must be agreed with both governments. This will include local political leaders, as well as representatives from other sectors.
- Joint (UKG / DA) chaired **Delivery Boards** oversee delivery of the deals and provides ministers with assurance.
- Annual Conversation meetings to review implementation
- Scottish Parliament and Welsh Assembly are both undertaking investigations into City Deals

DA deal making process

Bottom up process

Local partners develop proposition

HMG warm words

Invitation to submit proposals

Proposals submitted and negotiation start

Policy workshop

to discuss and develop proposals

Confirm strong local / private sector partnership and invest'nt

Heads of Terms goes public once agreement 'in principle' reached

Business case sign off

Final Deal Document goes public confirming deal contents

Implementation and on going assurance

• **Stage 1:** Invitation

• **Stage two:** Development of proposals (C&LGU, local partners, the Devolved Administration and the Territorial Office), including policy input and expertise

• **Stage 3:** Finalisation of deal package and WH write round

• **Stage 4:** Approving business cases and releasing funding for delivery

• **Timescales ? Depends on (1) the quality of the proposals and (2) the political appetite**

7. City Deals in Northern Ireland

1. Summary

City deals are bespoke packages of funding and decision-making powers negotiated between central government and local authorities and/or Local Enterprise Partnerships and other local bodies.

Between July 2012 and August 2014, 26 city deals were agreed. The first wave, completed in July 2012 covered the 8 largest English cities outside London; the second wave, completed in July 2014 covered the next 14 largest English cities and their wider areas, as well as the next 6 English cities and areas with the highest population growth between 2001 and 2010.

In a one-off deal in August 2014, Glasgow and the Clyde Valley became the first area outside England to agree a deal.

In 2016, deals were agreed with Aberdeen, Cardiff and Inverness.

In 2017, deals were agreed with the Swansea Bay area and Edinburgh and South East Scotland.

In 2018, a deal for Stirling and Clackmannanshire was finalised. Deals for Tayside, Belfast City Region and the Derry City and Strabane District Council area are in progress.

2. Background

The 2011 [Localism Act](#) included the Core Cities Amendment, which offered local councils the opportunity to submit plans on how they planned to promote local economic growth. If successful, councils would then be invited to negotiate deals with central government for greater local autonomy over financial and planning matters.

This idea was expanded in the consultation document [Unlocking Growth in Cities](#), in which the then Deputy Prime Minister Nick Clegg spoke of a shift in powers available to cities and the need to move “away from a one-size-fits-all model towards individual city deals.”¹

This document goes on to specifically outline the creation of and function of city deals:

The Coalition Government will be working with different cities over the coming months to agree a series of tailored ‘city deals’. These will consist of new powers for cities, enabling civic and private sector leaders to influence the key decisions that affect their economic competitiveness; and/or innovative projects to unlock growth in each area.²

As of July 2017, there have been two waves of city deals and four one-off deals, granting a total of 31 deals – 26 in England, 4 in Scotland and 1 in Wales. A further 2 deals – 1 in Scotland and 1 in Wales are currently being negotiated.

For further information on regional development policy under the Coalition Government, see the Library Briefing Paper [Regional Development Policy 2010-15: a Summary](#).

¹ Cabinet Office, [Unlocking Growth in Cities](#), December 2011 pg. iv

² Cabinet Office, [ibid](#), pg. 6

3. City Deals – First Wave

The [first wave of City Deals](#) was launched in December 2011 and completed in July 2012. In this wave, the 'Core Cities' - the 8 largest English cities outside London negotiated deals with central government. Details of all of the first wave of city deals are available in the Cabinet Office publication [Unlocking Growth in Cities: City Deals – Wave 1](#). This report states that the 'Core Cities' have estimated the first wave of deals will "create 175,000 jobs over the next 20 years and 37,000 new apprenticeships."³

Below is a summary of the contents of each deal and the targets set within.

3.1 Greater Birmingham

The Greater Birmingham City Deal [A City Region Powered by Technological Innovation](#), was negotiated by the Greater Birmingham and Solihull LEP and approved in July 2012. The Deal includes plans to establish a Skills for Growth Compact, create jobs through the expansion of an existing 'green deal' programme, the redevelopment of public land for housing and business and the creation of an Institute for Translational Medicine to act as hub for the life science sector.

3.2 Bristol City Region

The [Bristol City Region City Deal was](#) negotiated by the West of England LEP and its four constituent local authorities and approved in July 2012. The Deal includes plans to create an Economic Development Fund for the West of England by allowing local authorities to keep 100% of the growth in business rates raised in the city region's Enterprise Areas over a 25-year period, a transport devolution agreement, the creation of a Growth Hub at the Temple Quarter Enterprise Zone and the involvement of the business community in skills provision through a new People & Skills Programme.

3.3 Leeds City Region

The [Leeds City Region City Deal](#) was negotiated by the Leeds City Region LEP and Leeds City Council and approved in July 2012. The Deal is based around three targets - the acceleration of output growth to an average of 2.6% per year to 2030, the creation of 60,000 new jobs by 2016 and a "substantial reduction" in the city region's carbon emissions.

3.4 Liverpool City Region

The [Liverpool City Region City Deal](#) was negotiated by Liverpool City Council approved in July 2012 and covers the Liverpool City Region LEP area. The deal includes details of the creation of a single investment pot of public and private funding, the establishment of a Mayoral

³ Cabinet Office, [ibid](#), pg. 1

Development Corporation, plans to host an international Business Festival and investment in off shore wind infrastructure.

3.5 Greater Manchester

The [Greater Manchester City Deal](#) was negotiated by the Greater Manchester Combined Authority and approved in July 2012. The deal includes details of the creation of a revolving Infrastructure Fund by allowing Greater Manchester to 'earn back' a portion of additional tax revenue from Gross Value Added increases resulting from local investment in infrastructure and the establishment of a Greater Manchester Investment Framework, City Apprenticeship and Skills Hub, Low Carbon Hub and housing investment fund.

3.6 Newcastle City Region

The [Newcastle City Region City Deal](#) was negotiated by Newcastle City Council and the North East LEP and approved in July 2012. The deal includes proposals to create an Accelerated Development Zone (ADZ) for Newcastle and Gateshead, secure private sector investment in the marine and offshore sector, develop a Joint Investment Plan with the Homes and Communities Agency (HCA), invest in super-connected broadband infrastructure and establish Newcastle as a low carbon Pioneer City.

3.7 Nottingham City Region

The Nottingham City Region deal [Connected, Creative, Competitive](#) was negotiated by Nottingham City Council and approved in July 2012. The Deal includes three aims - fostering enterprise through the establishment of a Venture Capital fund, a Generation Y Fund, a Technology Grant Fund, supporting a high quality workforce and developing a "21st-century infrastructure" through transport, digital connectivity and a Green Deal.

3.8 Sheffield City Region

The Sheffield City Region deal [Made in Sheffield – a Deal for Growth](#) was negotiated by Sheffield City Council and Sheffield City Region LEP and approved in July 2012. The deal includes proposals to enable the city to borrow against projected business rates in order to invest in infrastructure, invest and develop in a national centre for procurement based around at the Advanced Manufacturing and Nuclear Research Centres.

3.9 National Audit Office report, Wave 1

In July 2015 the National Audit Office published the report [Devolving responsibilities to cities in England: Wave 1 City Deals](#) analysing the negotiations, costs and potential benefits of the first wave of city deals, making the following conclusions:

- Government committed spending will total £2.3 billion over 30 years and fund 40 programmes. This spending commitment is spread across 8 separate government departments;
- The largest wave 1 programme was Manchester's 'earn back' arrangement, which will allow the combined authority to retain a portion of additional tax revenue generated by its investment. This has the potential value of £900 million; and
- While there have been early impacts of individual programmes agreed in the deals, it is "too early to tell whether the deals will have any overall impact on growth."⁴

⁴ National Audit Office, [Devolving responsibilities to cities in England: Wave 1 City Deals](#), Report by the Comptroller and Auditor General, HC 266, 9 July 2015

4. City Deals – Second Wave

The [second wave of City Deals](#) was launched in October 2012 and was open to the next 14 largest cities (after the 8 'core cities') and their wider areas as well as the next 6 cities and areas with the highest population growth between 2001 and 2010.

Prior to negotiations, cities were asked to develop proposals to work across their "functional economic area"; as such deals generally cover existing Local Enterprise Partnership boundaries.⁵ Negotiations were generally undertaken by LEPs and local authorities and in some instances, business partnerships and universities. A full list of negotiators by deal is available in Appendix 4 of the Centre for Cities' [City Policy Briefing, September 2014](#).

Of the invited 20 cities, 18 successfully negotiated deals between September 2013 and July 2014.

Below is a summary of the contents of each deal and the targets within.

4.1 Black Country

The [Black Country City Deal](#) was approved in February 2014 and covers the four local authorities in the Black Country LEP area. The deal includes proposals to secure 5,800 new manufacturing jobs, £120 million of private sector investment in high value manufacturing sites and 1,500 additional high value manufacturing apprenticeships.

4.2 Bournemouth and Poole

Bournemouth was invited to negotiate a City Deal in October 2012 and submitted a joint proposal with Poole focusing on the development of Bournemouth Airport and the Port of Poole. These proposals were incorporated into the [Dorset Strategic Economic Plan](#) and approved as part of the [Dorset Growth Deal](#) in July 2014.⁶

4.3 Greater Brighton

The [Greater Brighton City Deal](#) was approved in March 2014 and covers Brighton and Hove, Shoreham, Worthing, Newhaven, Lewes, as well as part of the South Downs National Park and Mid Sussex. The deal includes proposals to generate £170 million of investment in Greater Brighton and create 8,500 jobs. The flagship proposal is based around the creation of Tech City South, to act as a hub for the creative technology sector.

⁵ [HC Deb 29 Oct 2012: Column 2WS](#)

⁶ HM Treasury, [Bournemouth invited to bid for City Deal](#), 29 October 2012 and Bournemouth Borough Council, [Economy and Tourism Overview and Scrutiny Panel](#), 26 March 2014

4.4 Coventry and Warwickshire

The [Coventry and Warwickshire City Deal](#) was approved in December 2013 and covers the Coventry and Warwickshire LEP area. The deal includes proposals to support growth in 450 advanced manufacturing and engineering firms, create 15,000 jobs and secure £25 million of public sector and £66 million of private sector investment.

4.5 Greater Cambridge

The [Greater Cambridge City Deal](#) was approved in June 2014 and covers the Cambridge city and South Cambridgeshire local authority areas. The deal includes proposals to create an infrastructure investment fund, create 45,000 new jobs and 400 new apprenticeships and help generate £1 billion of public sector and £4 billion of private sector investment.

4.6 Greater Norwich

The [Greater Norwich City Deal](#) was approved in December 2013 and covers Norwich City Council, South Norfolk District Council and Broadland District Council. The deal includes proposals to generate £100 million of private investment, support 300 new businesses and create 19,000 jobs.

4.7 Hull and the Humber

The [Hull and Humber City Deal](#) was approved in December 2013 and covers the East Riding of Yorkshire Council, Hull City Council, North Lincolnshire Council and North East Lincolnshire Council. The deal includes proposals to generate £460 million of investment in development along the Humber and support the creation of 4,000 jobs.

4.8 Ipswich

The [Greater Ipswich City Deal](#) was approved in October 2013 and covers Ipswich, Suffolk and the New Anglia LEP area. The deal includes proposals to support 400 new businesses, creating 5,000 new apprenticeships and 3,000 additional high value jobs by 2019.

4.9 Leicester and Leicestershire

The [Leicester and Leicestershire City Deal](#) was approved in March 2014 and covers the Leicester and Leicestershire LEP area. The deal aims to cut youth unemployment in the area by 50% and secure £130 million of public and private sector investment.

4.10 Milton Keynes

While Milton Keynes was invited to negotiate a City Deal in October 2012, the proposed funding and powers were incorporated into the [South East Midlands LEP Growth Deal](#), approved in July 2014.⁷

4.11 Oxford and Oxfordshire

The [Oxford and Oxfordshire City Deal](#) was approved in January 2014 and covers the Oxfordshire LEP area. The deal includes proposals to develop 7,500 homes, establish a Growth Hub to support small and medium sized enterprises, improve local roads and create more than 500 new apprenticeships.

4.12 Plymouth

The [Plymouth and South West Peninsula City Deal](#) was approved in January 2014 and covers the Heart of the South West and the Cornwall and Isles of Scilly LEP areas. The deal aims to reinvigorate the area's marine and advanced manufacturing sectors, create 9,000 jobs and secure £34 million of public and £262 million of private sector investment.

4.13 Portsmouth and Southampton

The [Portsmouth and Southampton City Deal](#) was approved in November 2013 and covers the Solent LEP area. The deal includes proposals to secure £953 million of investment and create 17,000 jobs.

4.14 Preston, South Ribble and Lancashire

The [Preston, South Ribble and Lancashire City Deal](#) was approved in September 2013 and covers Lancashire, Preston and South Ribble Local Authorities. It is estimated that the deal help create 20,000 jobs, including 5,000 in the Lancashire Enterprise Zone, support 4 new road schemes and enable the construction of 17,000 new houses.

4.15 Southend

The [Southend-on-Sea City Deal](#) was approved in March 2014 and covers Southend-on-Sea Borough Council. The deal includes creation of a business support network, Gateway to Growth and £6 million of funding through national and local government and private sources.

4.16 Stoke and Staffordshire

The [Stoke and Staffordshire City Deal](#) was approved in March 2014 and covers the Stoke-on-Trent and Staffordshire LEP area. The deal includes the flagship proposal to establish the UK's first at-scale, low carbon,

⁷ HM Treasury, [Milton Keynes invited to bid for City Deal](#), 29 October 2012 and Mark Smulian, [Missing city deal absorbed by LEP](#), Local Government Chronicle, 17 April 2014

heat network system, generating £113 million of investment and supporting the creation of up to 23,000 jobs.

4.17 Sunderland and the North East

The [Sunderland and South Tyneside City Deal](#) was approved in June 2014 and covers Sunderland City Council and South Tyneside Council. It is estimated the deal will help support the creation of 5,200 new jobs, mainly in the manufacturing sector and secure £295 million private sector investment in advanced manufacturing.

4.18 Swindon and Wiltshire

The [Swindon and Wiltshire City Deal](#) was approved in July 2014 and covers the Swindon and Wiltshire LEP area. The deal proposes the development of a new University Campus of Swindon and Wiltshire, allowing for 18,000 individuals trained locally to Level 4 or higher and the provision of direct business support to 1,250 local small and medium sized enterprises.

4.19 Tees Valley

The [Tees Valley City Deal](#) was approved in June 2014 and covers the Tees Valley Unlimited LEP area. The deal aims to create 3,500 and secure £10 million of private sector investment in industrial infrastructure.

4.20 Thames Valley Berkshire

The [Thames Valley Berkshire City Deal](#) was approved in October 2013 and covers the Thames Valley Berkshire LEP area. The deal aims to support 4,500 young people by creating 1,500 new work experience placements, 300 Apprenticeships and 800 new Youth Contract Wage Incentives for eligible businesses.

5. City Deals in Scotland

5.1 Glasgow

In August 2014, Glasgow and the Clyde Valley became the first area outside England to negotiate a deal.

The [Glasgow and Clyde Valley City Deal](#) is an agreement between the UK and Scottish governments and the 8 local authorities across Glasgow and the Clyde Valley - East Dunbartonshire Council, East Renfrewshire Council, Glasgow City Council, Inverclyde Council, North Lanarkshire Council, Renfrewshire Council, South Lanarkshire Council and West Dunbartonshire Council.

The deal aims to support the creation of 29,000 jobs and secure £1 billion of Scottish and UK Government capital funding and £3.3 billion of private sector investment to support a proposed infrastructure investment programme.

5.2 Aberdeen City Region

The [2015 Spring Budget](#) included the announcement that the government would open negotiations with the Scottish government over a deals for Aberdeen.⁸

In February 2016 the Aberdeen City Region Deal [Powering Tomorrow's World](#) was agreed between the UK and Scottish Governments in conjunction with Aberdeen City Council, Aberdeenshire Council and Opportunity North East (ONE), a private sector body which replaced the Ascef, the economic development agency for the north east of Scotland in December 2015.⁹

The deal saw the UK and Scottish governments commit to jointly investing £250 million over 10 years in projects, including a new energy innovation centre, support for the oil and gas industry to exploit remaining North Sea reserves and the expansion of Aberdeen harbour.¹⁰

5.3 Inverness and Highland City Region

The [2015 Spring Budget](#) included the announcement that the government would open negotiations with the Scottish government over a deals for Inverness.¹¹ In August 2015, it was announced that Inverness would receive £3 million in funding as an initial allocation.¹²

On 22 March 2016 the Inverness and Highland City Region Deal was agreed between the UK and Scottish governments and The Highland Council. The deal included a commitment of £315 million of public

funds, composed of £53.1million from the UK government, £127 million from The Highland Council and its regional partners and £135m from the Scottish government, all over a 10 year period.¹³ The deal aims to secure a further £800 million in private sector funding, create 1,125 direct jobs and support the creation of a Northern Scotland Innovation Hub.¹⁴

5.4 Edinburgh and South East Scotland

The [2016 Budget](#) included the announcement that the government would open negotiations with the Scottish government over a deal for the Edinburgh and South East Scotland.¹⁵

In a written statement on 20 July 2017, Secretary of State for Scotland, David Mundell announced that an agreement had been reached between the UK and Scottish Governments on the terms of the Edinburgh and South East Scotland City Deal.¹⁶

[The deal](#) encompasses the six local authority areas of Edinburgh, Midlothian, East Lothian, West Lothian, Scottish Borders and Fife and is based on a joint investment from the UK and Scottish Governments of £600 million over a period of 15 years, combined with an investment of £501 million from regional partners, including local authorities and universities. The deal aims to create 21,000 jobs in the area.

5.5 Tayside

The government is currently in the process of negotiating a deal for Tayside, encompassing the Dundee, Angus, Fife and Perth & Kinross council areas.¹⁷

The [2016 Autumn Statement](#) confirmed that the government “will consider proposals for a deal with the Tay cities once they are brought forward.”¹⁸ The [Tay Cities Deal submission document](#) was published in February 2017. The 2018 Budget confirmed the government would provide £150 million toward a Tay Cities Deal.¹⁹

5.6 Stirling

In June 2016, Stirling Council voted to “allow the Council to enter formally a period of significant negotiations with UK and Scottish governments with the aim of securing a substantial City Deal investment

6. City Deals in Wales

6.1 Cardiff Capital Region

The [2015 Spring Budget](#) included the announcement that the government would open negotiations with the Welsh governments over a deal for Cardiff.²³

The [2015 Autumn Statement and Spending Review](#) confirmed that the Government would make a “principle commitment to contribute to an infrastructure fund” for the Cardiff deal.²⁴

On 15 March 2016 the [Cardiff Capital Region City Deal](#) was agreed between the UK and Welsh Governments and 10 local authorities in Wales. Central to the Deal was the creation of a £1.2 billion infrastructure investment fund, funded by contributions of £500 million from both the British and Welsh Governments and £120 million from the 10 local authorities in the Cardiff Capital Region over 20 years.²⁵ The Deal states this fund will be used to help deliver the South East Wales Metro project, as well as establish a new Regional Transport Authority and a new Catapult Centre in Wales.²⁶

The signatory partners have projected the deal will help create 25,000 new jobs and generate £4 billion of private sector investment across the region.

6.2 Swansea Bay City Region

The [2016 Budget](#) included the announcement that the Government would open negotiations with the Welsh Government over a city deals for the Swansea Bay area.²⁷

The [Swansea Bay City Region Deal](#) was agreed between the UK and Welsh governments and four local authorities in March 2017. This deal includes funding commitments of £115.6 million from the UK government, £125.4 million from the Welsh government and £396 million from four local authorities (Carmarthenshire, Pembrokeshire, Swansea and Neath Port Talbot) and other public sector bodies.

It is anticipated that up to £637 million of private sector investment will be secured and up 9,000 jobs created.
