2.5 The number of applications received in November remains high at 112 applications. Staff issued 105 planning application decisions, plus 2 Discharge of Conditions, 4 LDP/E's, 2 Non-Material Change applications and 1 Proposal of Application Notice (PAN).

2.6 Resources continue to be targeted to reduce the over 12 month applications. Table 2 below provides a further breakdown of the over 12 month applications in the system. The weekly monitoring of these figures continues and staff are conscious of the need to prioritise their efforts in this area of work. The breakdown of over 12 month applications shows that while the number of applications over 18 months has remained relatively static, the number between 12 and 18 months has increased. An Action Plan for 2017/18 has been implemented and additional staff resources are currently being recruited. However, it will take time for all staff to be appointed and substantive progress in this area is unlikely to be realised until Q4. The Action Plan is currently subject to review.
